HOME BURNS — Communist leader D. N. Aidit's home burns in Jakarta after being sacked by anti-Communist youths.

LBJ Improving, Heeds Orders To Take It Easy

WASHINGTON (AP) — An early morning bulletin indicated further recovery progress today for President Johnson, but for the time being he is heeding doctors' orders to hold his activities and visitors to a minimum.

The hospital chart showed no official appointments for the day.

The brief early morning re-

port posted for newsmen said: "The President had a good night's sleep. He awoke at 7 o'clock this morning. He continued to experience mild discomfort. He is no longer getting intravenous feeding. He walks unassisted."

How long the hold-down on Johnson's activity would last was a question. He recalls he grew up singing "Work, for the night is coming."

Press secretary Bill D. Moyers passed word Monday night that the President's schedule for today was visitor-free.

Monday started off that way, too. But then it wound up with Johnson conferring for 45 minutes with Vice President Hubert H. Humphrey and 60 more with Secretary of State Dean Rusk.

These sessions were spaced out, with a nap in between. Even so they followed Johnson's worst night since his operation Friday for removal of the gall bladder and a kidney stone.

And they followed word from the doctors that the President should have plenty of rest.

As Moyers put it: "They did advise him that they must insist that he take every opportunity to rest; that he maintain a very minimum schedule in the next few weeks; that he hold his official callers to a minimum."

According to plan, the President received no sedative Sunday night and the result was restlessness, sleeplessness and discomfort and what Moyers called "his most unpleasant night since the operation."

Then between the Humphrey and Rusk calls, Johnson spent what Moyers called "a very quiet midday and afternoon."

Moyers said the President rested better during the afternoon than he did the night before. For enjoyment, Johnson saw a film on television of the "Hello, Dolly!" performance in South Viet Nam by a cast headed by Mary Martin.

Moyers said Johnson got off a second telegram of appreciation to Miss Martin — he had sent one right after the performance — after watching the reaction of the servicemen.

Moyers continued to call Johnson's recovery right on schedule, but he still offered no forecast on when Johnson will be out of the hospital.

Thwarted Coup Chief Nabbed By Government

KUALA LUMPUR, Malaysia (AP) — Jakarta radio today announced the capture of the leader of the attempted coup in Indonesia, and thousands of Communists were reported taking to the hills of central Java to escape an army dragnet.

The army - controlled government radio said the coup leader, Lt. Col. Untung, was arrested in the Tegal region of central Java with the cooperation of civilians.

The broadcast gave no details of the capture.

Untung was an obscure officer in President Sukarno's bodyguard until he led the "30th of September" movement that tried to seize power on that date.

There has been speculation abroad that Sukarno masterminded the attempt to get rid of army generals who opposed the increasing Communist influence on the Indonesian government.

Radio Jakarta also reported the capture of another rebel.

Citizens Committee Moving Ahead On Berger Levy Support Project

Members of an area Citizens Committee expressed a unanimous opinion today that this community cannot do without a hospital or even a curtailment of services.

With this thought in mind, the committee moved into full gear toward supporting a half-mill levy that would bolster Berger Hospital's general operating fund. The success of the effort will be determined at the November 2 election.

Chairman Robert M. Johnson called the early morning breakfast session at the Carriage House to set up a more detailed program for support of the levy. Approximately 16 members and special representa-

tives waded into problems that now exist at Berger, and what can be done to rectify the picture.

One of the key objectives of the proposed levy, as described by Hospital Board Member Emmitt Crist, is to obtain additional money to put the hospital on a sound financial basis. The operation currently is in the "red" by about \$35,000, according to the Berger governing board.

IN EXPLAINING that current liabilities exceed available operating funds, Crist pointed out that revenue derived from the levy would put Berger on the "black" side of the ledger. A brighter financial

outlook would undoubtedly lead to a better hospital, including improved services and facilities, he added.

Determined to acquire a clear understanding of problems affecting the hospital, the Committee deliberated at length on reasons why the levy is needed. Crist offered Berger statistics for informational purposes.

One of the foremost problems pointed out was the lack of occupancy at the hospital. Crist said Berger must operate at 82 to 85 per cent of capacity if it is to remain on a sound financial basis.

The lack of general practice physicians was listed as another factor. "More doc-

tors here would probably mean more patients and an improved hospital outlook," Crist said. In the same token, this improvement would serve as a means of encouraging more doctors to locate here, he added.

It was also explained that Berger has received no financial support from community government since the hospital was combined as a city-county institution in the 1940s. The account has been on operating as a self-sustaining unit, without subsidization.

However, as hospital officials explain, the addition of a new maternity wing and the constant need for modern services

(Continued on Page Two)

Appointments Accepted for Blood Donors

Appointments are now being accepted from blood donors for Friday's visit of the Red Cross Bloodmobile.

Robert Keatley, Rotary Blood Program publicity chairman, said the Bloodmobile will be at the First Methodist Church from 11 a. m. to 5 p. m. on Friday.

Walk-in donors will be accepted for Friday's visit, according to Mrs. Roloff Wolford, executive secretary of the local Red Cross Chapter. However, she said appointments should be made to avoid waiting in line for an extended period.

Mrs. Wolford said appointments may be made by calling GR 4-5736.

Donors are still urgently needed, Mrs. Wolford said. There will be only one more Bloodmobile trip to Pickaway this year after Friday's visit. The county's yearly quota is still more than 125 pints behind and it is imperative that the last two visits are successful, she said.

...

LAST month was the first time this year the quota for a given visit was met. A total of 149 pints of blood was collected.

The quota for Friday's visit is 125. But local officials have hopes of collecting another 150 pints or more to help offset the unsuccessful visits earlier this year.

Donors are urged to call the Red Cross office to reserve a time for donations on Friday. The final visit for the year is scheduled Nov. 29.

Terrorism In Saigon May Build

SAIGON (AP) — Many persons are debating whether the Viet Cong's elusive underground is preparing to increase its tempo of terrorism in Saigon, the nerve center of the Vietnamese war.

Both foreigners and Vietnamese see a possibility of augmented terrorist attacks as the mounting pressures of war, especially by the heavy U.S. air assaults, take a greater and greater toll of Communist manpower and materiel.

Acts of terrorism recently seem to have been directed with greater frequency against police. More than a dozen grenade attacks have been made on the police in Saigon since July.

Monday night a man dressed in a Vietnamese marine uniform stabbed and wounded a policeman on guard near U.S. Ambassador Henry Cabot Lodge's residence. Last Sunday terrorists ambushed a group of police on the outskirts of Saigon, killing four and wounding two.

An explosion Oct. 2 at the Cong Hoa National Stadium, a police training site, killed 13 Vietnamese, including five police officers.

On Aug. 16, Viet Cong agents attacked the national police headquarters with explosives and machine guns, killing six policemen and wounding 15.

Catholic 2nd Grade Due To Be Dropped

CINCINNATI (AP)—A Roman Catholic parochial school has announced it will drop the second grade at the end of the school year.

A spokesman said the action planned by Our Lady of Victory School does not mean other parochial schools will follow suit.

Last year, the Cincinnati Catholic archdiocese of 19 counties dropped the first grade in all its parochial schools. That placed almost 3,000 more first graders into Cincinnati public schools alone.

There are presently around 200 pupils in the second grade at Our Lady of Victory. Next year, pupils who would normally attend second grade there will attend public schools in Hamilton County.

'Miss Alaska' Is Killed on Mountain

SOUTH DEERFIELD, Mass. (AP) — "I couldn't hold her," the stunned Smith College freshman sobbed. "I tried, but I couldn't hold her."

Ginny Scheer of Oklahoma City tugged at the grasping hand of her college friend, Karol Rae Hommon, the former Miss Alaska, who had slipped over the edge of Mt. Sugarloaf — but had just managed to grab hold of a sappling with one hand.

Ginny's efforts were in vain, however, and Karol plunged 200 feet to a rock ledge overlooking the Connecticut River.

Rescuers climbed a steep wooded slope to bring her down, administered artificial respiration to keep her alive, but she died at nearby Farren Memorial Hospital. Karol, 21, of Anchorage, Alaska, competed in the 1965 Miss America pageant.

Air Transport Burns

DAYTON, Ohio (AP) — A Douglas C124 Globemaster transport, being refueled at Wright-Patterson Air Force Base, caught fire today and was virtually destroyed. No one was injured.

Was Leif Ericson a Fink?

Columbus Day Debate Rages Over Which Sailor Got Here First

NEW YORK (AP) — On this Columbus Day America's not-quite-melted pot of nationalities are vying for the last word on who got here first.

A map verified as authentic by Yale University historians puts Norse explorer Leif Ericson in the New World ahead of Christopher Columbus.

But don't count out the Irish. Or the Spanish or the Jews, for that matter.

Release of the map by Yale has stirred up a scholarly vendetta by Italian-Americans out to protect the good name of fellow Italian Columbus.

Yale historians said after eight years of study that the map was drawn about 1440 — some 438 years after Ericson made his voyage and 52 years before Columbus made his.

The map, which went on display today at the university in

New Haven, Conn., shows Europe, Greenland and an island called Vinland. This island — also called Vinland and Vinlandia — was North America, the historians concluded.

In Philadelphia, Pennsylvania Supreme Court Justice Michael A. Musmanno said the Yale scholars were prompted by "ethnic prejudices."

As for the accurate reproduction of Greenland and the supposed Vinlandia. "Why not?" said Musmanno. "It was produced 500 years after Columbus' voyages and the fabricators could have, if they wanted to, illustrate the map with photographs of Greenland and Vinlandia."

Victor A. Arrigo, chairman of the Chicago Columbus Day parade, observed:

"Frankly, this Nordic myth makes its appearance around every Columbus Day. It hap-

pens all the time. But Italian-Americans have become tolerant of these Scandinavian claims. I don't blame them for wanting to come into the shadow of Columbus' accomplishments."

The Yale discovery was supported by at least two Scandinavian-Americans.

The Viking's discovery and exploration of America "is just simply a matter of historical record," said Dr. S.O. Thorlakson, a retired San Carlos, Calif., clergyman and past president of two Leif Ericson League chapters in the San Francisco area.

"Columbus never did set foot on American soil. Ericson explored the New World for a year," he said.

Thor Tollefson, a former Republican congressman now director of the Washington State Department of Fisheries, told an Ericson festival:

"I'm no historian or authority, except that I share the belief of most Norwegians that Ericson did come over to this country around the year 1000. I don't think there's any question about it. The map is just additional historic evidence."

And from Madrid came word that Spanish historians were again looking into the theory that a forgotten Spanish sailor, Alonso Sanchez de Huelva, may have discovered America in 1484, eight years before Columbus.

Some historians contend that although Columbus was born in Italy he actually was a descendant of Spanish or Portuguese Jews.

One of the most succinct and pointed observations was scrawled in chalk on a wall in East Boston, an Italian-American section. It said:

"Leif Ericson is a fink."

Once Around Roundtown

CIRCLEVILLE Mayor Ben H. Gordon today received confirmation that Ted Lewis will be here next week for the Pumpkin Show. . . . Ted and his wife, Adah, will leave New York Tuesday, Mayor Gordon said. . . .

The mayor and his wife will attend a Golden Wedding Anniversary dinner for Ted and Adah at the Latin Quarter in New York City on Sunday evening. . . . The anniversary was Oct. 6, but the special observance will be held Sunday.

PUMPKIN Show promotion is in high gear. . . . Several directors appeared on the Sally Flowers TV show this morning with promotional material for the fall festival which gets underway next Wednesday. . . . Ned Harden and Bud Christopher were guests on the Outdoors Show Saturday evening.

Fumes Kill Third Member of Family

FINDLAY, Ohio (AP)—Carbon monoxide, which killed a Findlay couple Saturday, has claimed a third member of the family, 10-year-old Janet Hickerson, who died Monday in Blanchard Valley Hospital.

Authorities said failure to cut a ventilation duct after installation of a new furnace at the victims' home was responsible for the deaths.

A relative found Harold Hickerson, 37, and his wife, Joanne, 31, asphyxiated, Sunday morning.

The couple's daughter Janet and son Roger, 13, were taken to a hospital in critical condition as was Ronnie Hickerson, 15, the dead man's brother.

Ashville Resident Killed by Train

A Ross County school teacher was struck and killed by a train last night just south of Ashville.

The body of George A. Messner, 41, Ashville, was discovered at about 3:30 a.m. today on the Norfolk & Western right of way, 14 feet north of the bridge over Little Walnut Creek.

Pickaway County Coroner Dr. Ray Carroll said death was instantaneous. Messner suffered massive body and head injuries.

The coroner affixed the time of death at approximately 10 p. m.

Messner's widow told Sheriff Dwight Radcliff he frequently went for late evening walks along the railroad.

MRS. MESSNER said he left home last night at 10. She said she did not think anything was unusual until she awoke at 3 a. m. and discovered he was still missing.

At about 3:30 a. m. an official of the N&W notified Ashville Marshall Glenn Clay there was a body near the railroad track. Clay called the sheriff's department immediately.

Sheriff Radcliff believes death was accidental.

He theorized that Messner was probably on the bridge when a northbound train struck him. The body was carried several feet north of the bridge.

In addition to his widow, Es-

ther, he is survived by four daughters: Rebecca Jo., Christine Amy, Stephanie Lin and Florentia Faye.

Messner was born May 24, 1923, in Cleveland, the son of Andrew and Mary Ipe Messner. He was a veteran of World War II.

Funeral arrangements are being completed by Bastian Funeral Home, Ashville.

Boy Admits Perpetrating Tragic Hoax

AKRON, Ohio (AP) — Cuyahoga Falls police say a 15-year-old boy admitted today he had perpetrated a tragic hoax to make his parents think he had been kidnapped.

His father died of a heart attack a short time after receiving a false kidnap message by telephone Monday.

Detective Capt. Lester Wilson said Telford Burkett of Cuyahoga Falls admitted calling his parents, disguising his voice and giving them this message: "If you want to see your boy alive again, don't call the cops."

Four hours after Mr. and Mrs. Vance A. Burkett received the call, Telford's 43-year-old father collapsed. He was dead on arrival at a hospital.

His wife, Anna, also collapsed and was treated at the hospital here.

Mrs. Lois Magaha of Akron, the boy's aunt, also required medical attention.

Capt. Wilson said the boy had a record of absenteeism from junior high school. The captain said a woman had called the school several times and told school officials the boy was sick.

The boy's parents knew nothing about the calls, according to Wilson.

The boy was picked up seven hours after his father's death, walking near the Silver Lake Country Club.

Auto Demolished, Driver Only Cut

SPRINGFIELD, Ohio (AP)—Alan K. Lower, 21, of Springfield is a lucky man.

While driving in the city Monday, his car jumped the curb, hit a telephone pole, continued through a billboard, rolled down a 50-foot embankment and came to rest on railroad tracks.

Lower was trapped inside the wrecked car, his clothing soaked with gasoline.

A rescue team cut him from the wreckage, rushed him to a hospital and he was treated only for a small cut on the face and released. The car was demolished.

State Gets Flint Land

COLUMBUS, O. (AP)—Four acres of flint ridge land, a source of Ohio's official gem stone in Licking County, have been donated to the Ohio Historical Society by Helen Mills and Stephen A. Bogar of Pittsburgh, Pa.

Aged, Blind Pensions Hiked

COLUMBUS, Ohio (AP) — Most of Ohio's aged and blind pensioners will get a \$4 increase next month, instead of \$3 as previously announced, a Welfare Department official said today.

Robert Canary, assistant welfare director, said the boost stems from increases under the federal old age assistance program, made possible by a new medical care for the aged law.

Ohio standards have been raised to reflect the federal changes, he explained. Canary said the Ohio increases will apply to about 63,000 old age pensioners and 3,000 blind-aid recipients who are not in state institutions and rest homes.

As an example, he said an old age pensioner living alone now receives about \$100 a month. Those on Social Security, he said, receive about \$60 a month with the state making up the difference of about \$40.

Under the new standards, old age pensioners will get \$104 a month, whether they receive Social Security or not.

Payments to the blind, averaging 30 cents a month less than old age aid, also will be increased \$4.

The increase does not apply to about 13,000 older persons in state institutions and rest homes.

The state makes up the difference between monthly Social Security benefits and a standard amount. Thus if Social Security benefits had been increased and state standards had not been raised an old age pensioner would have gotten more Social Security but less state aid.

Raising the standard keeps the same amount of state aid, with more Social Security money, and also increases the state payment to those who don't get Social Security.

15-Year-Old Girl Steals Cop Cruiser

WAYNESVILLE, Mo. (AP) — A 15-year-old girl stole a Missouri Highway Patrol car Monday and led police on a talking, 30-mile chase before she allowed the troopers to catch her.

The patrol said the girl took the car from the court house square in Waynesville. Trooper D. W. Ousley spotted the auto about six miles west of Waynesville, recognized the girl, and knew she shouldn't be driving the police car.

Ousley chased the car up to 115 miles an hour before he dropped out because his vehicle had a flat tire. Other troopers joined in the chase and kept a running conversation with the fleeing girl on the police radio.

"Why are you driving so fast," she asked at one point.

"We're trying to keep up with you," one trooper answered.

The teen-age girl stopped her car in Stoutsville, Mo., after repeated requests for her to stop. She was turned over to authorities.

"I just wanted to have a good time and show my friends I could drive the car," she said.

HOME BURNS — Communist leader D. N. Aidit's home burns in Jakarta after being sacked by anti-Communist youths.

LBJ Improving, Heeds Orders To Take It Easy

WASHINGTON (AP) — An early morning bulletin indicated further recovery progress today for President Johnson, but for the time being he was heeding doctors' orders to hold his activities and visitors to a minimum.

The hospital chart showed no official appointments for the day.

The brief early morning re-

port posted for newsmen said:

"The President had a good night's sleep. He awoke at 7 o'clock this morning. He continued to experience mild discomfort. He is no longer getting intravenous feeding. He walks unassisted."

How long the hold-down on Johnson's activity would last was a question. He recalls he grew up singing "Work, for the night is coming."

Press secretary Bill D. Moyers passed word Monday night that the President's schedule for today was visitor-free.

Monday started off that way, too. But then it wound up with Johnson conferring for 45 minutes with Vice President Hubert H. Humphrey and 60 more with Secretary of State Dean Rusk.

These sessions were spaced out, with a nap in between. Even so they followed Johnson's worst night since his operation Friday for removal of the gall bladder and a kidney stone.

And they followed word from the doctors that the President should have plenty of rest.

As Moyers put it: "They did advise him that they must insist that he take every opportunity to rest; that he maintain a very minimum schedule in the next few weeks; that he hold his official callers to a minimum."

According to plan, the President received no sedative Sunday night and the result was restless, sleeplessness and discomfort and what Moyers called "his most unpleasant night since the operation."

Then between the Humphrey and Rusk calls, Johnson spent what Moyers called "a very quiet midday and afternoon."

Moyers said the President rested better during the afternoon than he did the night before. For enjoyment, Johnson saw a film on television of the "Hello, Dolly!" performance in South Viet Nam by a cast headed by Mary Martin.

Moyers said Johnson got off a second telegram of appreciation to Miss Martin — he had sent one right after the performance — after watching the reaction of the servicemen.

Moyers continued to call Johnson's recovery right on schedule, but he still offered no forecast on when Johnson will be out of the hospital.

Thwarted Coup Chief Nabbed By Government

KUALA LUMPUR, Malaysia (AP) — Jakarta radio today announced the capture of the leader of the attempted coup in Indonesia, and thousands of Communists were reported taking to the hills of central Java to escape an army dragnet.

The army — controlled government radio said the coup leader, Lt. Col. Untung, was arrested in the Tegay region of central Java with the cooperation of civilians.

The broadcast gave no details of the capture.

Untung was an obscure officer in President Sukarno's bodyguard until he led the "30th of September" movement that tried to seize power on that date.

There has been speculation abroad that Sukarno masterminded the attempt to get rid of army generals who opposed the increasing Communist influence on the Indonesian government.

Radio Jakarta also reported the capture of another rebel.

Appointments Accepted for Blood Donors

Appointments are now being accepted from blood donors for Friday's visit of the Red Cross Bloodmobile.

Robert Keatley, Rotary Blood Program publicity chairman, said the Bloodmobile will be at the First Methodist Church from 11 a. m. to 5 p. m. on Friday.

Walk - in doors will be accepted for Friday's visit, according to Mrs. Roloff Wolford, executive secretary of the local Red Cross Chapter. However, she said appointments should be made to avoid waiting in line for an extended period.

Mrs. Wolford said appointments may be made by calling GR 4-5736.

Donors are still urgently needed, Mrs. Wolford said. There will be only one more Bloodmobile trip to Pickaway this year after Friday's visit. The county's yearly quota is still more than 125 pints behind and it is imperative that the last two visits are successful, she said.

LAST month was the first time this year the quota for a given visit was met. A total of 149 pints of blood was collected.

The quota for Friday's visit is 125. But local officials have hopes of collecting another 150 pints or more to help offset the unsuccessful visits earlier this year.

Donors are urged to call the Red Cross office to reserve a time for donations on Friday. The final visit for the year is scheduled Nov. 29.

Terrorism In Saigon May Build

SAIGON (AP) — Many persons are debating whether the Viet Cong's elusive underground is preparing to increase its tempo of terrorism in Saigon, the nerve center of the Vietnamese war.

Both foreigners and Vietnamese see a possibility of augmented terrorist attacks as the mounting pressures of war, especially by the heavy U.S. air assaults, take a greater and greater toll of Communist manpower and materiel.

Acts of terrorism recently seem to have been directed with greater frequency against police. More than a dozen grenade attacks have been made on the police in Saigon since July.

Monday night a man dressed in a Vietnamese marine uniform stabbed and wounded a policeman on guard near U.S. Ambassador Henry Cabot Lodge's residence. Last Sunday terrorists ambushed a group of police on the outskirts of Saigon, killing four and wounding two.

An explosion Oct. 2 at the Cong Hoa National Stadium, a police training site, killed 13 Vietnamese, including five police officers.

On Aug. 16, Viet Cong agents attacked the national police headquarters with explosives and machine guns, killing six policemen and wounding 15.

Catholic 2nd Grade Due To Be Dropped

CINCINNATI (AP)—A Roman Catholic parochial school has announced it will drop the second grade at the end of the school year.

A spokesman said the action planned by Our Lady of Victory School does not mean other parochial schools will follow suit.

Last year, the Cincinnati Catholic archdiocese of 19 counties dropped the first grade in all its parochial schools. That placed almost 3,000 more first graders into Cincinnati public schools alone.

There are presently around 200 pupils in the second grade at Our Lady of Victory. Next year, pupils who would normally attend second grade there will attend public schools in Hamilton County.

Was Leif Ericson a Fink?

Columbus Day Debate Rages Over Which Sailor Got Here First

NEW YORK (AP) — On this Columbus Day America's not-quite-melted pot of nationalities are vying for the last word on who got here first.

A map verified as authentic by Yale University historians puts Norse explorer Leif Ericson in the New World ahead of Christopher Columbus.

But don't count out the Irish. Or the Spanish or the Jews, for that matter.

Release of the map by Yale has stirred up a scholarly vendetta by Italian-Americans out to protect the good name of fellow Italian Columbus.

Yale historians said after eight years of study that the map was drawn about 1440 — some 438 years after Ericson made his voyage and 52 years before Columbus made his.

The map, which went on display today at the university in

New Haven, Conn., shows Europe, Greenland and an island called Vinlandia. This island — also called Vinland and Vinlandia — was North America, the historians claimed.

In Philadelphia, Pennsylvania Supreme Court Justice Michael A. Musmanno said the Yale scholars were prompted by "ethnic prejudices."

As for the accurate reproduction of Greenland and the supposed Vinlandia. "Why not?" said Musmanno. "It was produced 500 years after Columbus' voyages and the fabricators could have, if they wanted to, illustrate the map with photographs of Greenland and Vinlandia."

Victor A. Arrigo, chairman of the Chicago Columbus Day parade, observed: "Frankly, this Nordic myth makes its appearance around every Columbus Day. It hap-

pens all the time. But Italian-Americans have become tolerant of these Scandinavian claims. I don't blame them for wanting to come into the shadow of Columbus' accomplishments."

The Yale discovery was supported by at least two Scandinavian-Americans.

The Viking's discovery and exploration of America "is just simply a matter of historical record," said Dr. S.O. Thorlaksen, a retired San Carlos, Calif., clergyman and past president of two Leif Ericson League chapters in the San Francisco area.

"Columbus never did set foot on American soil. Ericson explored the New World for a year," he said.

Thor Tollefson, a former Republican congressman now director of the Washington State Department of Fisheries, told an Ericson festival:

"I'm no historian or authority, except that I share the belief of most Norwegians that Ericson did come over to this country around the year 1000. I don't think there's any question about it. The map is just additional historic evidence."

And from Madrid came word that Spanish historians were again looking into the theory that a forgotten Spanish sailor, Alonso Sanchez de Huelva, may have discovered America in 1484, eight years before Columbus.

Some historians contend that although Columbus was born in Italy he actually was a descendant of Spanish or Portuguese Jews.

One of the most succinct and pointed observations was scrawled in chalk on a wall in East Boston, an Italian-American section. It said: "Leif Ericson is a fink."

Once Around Roundtown

CIRCLEVILLE Mayor Ben H. Gordon today received confirmation that Ted Lewis will be here next week for the Pumpkin Show. . . . Ted and his wife, Adah, will leave New York Tuesday, Mayor Gordon said. . . .

The mayor and his wife will attend a Golden Wedding Anniversary dinner for Ted and Adah at the Latin Quarter in New York City on Sunday evening. . . . The anniversary was Oct. 6, but the special observance will be held Sunday.

PUMPKIN Show promotion is in high gear. . . . Several directors appeared on the Sally Flowers TV show this morning with promotional material for the fall festival which gets underway next Wednesday. . . . Ned Harden and Bud Christopher were guests on the Outdoors Show Saturday evening.

MRS. MESSNER said he left home last night at 10. She said she did not think anything was unusual until she awoke at 3 a. m. and discovered he was still missing.

At about 3:30 a. m. an official of the N&W notified Ashville Marshall Glenn Clay there was a body near the railroad track. Clay called the sheriff's department immediately.

Fumes Kill Third Member of Family

FINDLAY, Ohio (AP)—Carbon monoxide, which killed a Findlay couple Saturday, has claimed a third member of the family, 10-year-old Janet Hickerson who died Monday in Blanchard Valley Hospital.

Authorities said failure to cut a ventilation duct after installation of a new furnace at the victims' home was responsible for the deaths.

A relative found Harold Hickerson, 37, and his wife, Joanne, 31, asphyxiated, Sunday morning.

The couple's daughter Janet and son Roger, 13, were taken to a hospital in critical condition as was Ronnie Hickerson, 15, the dead man's brother.

Ashville Resident Killed by Train

A Ross County school teacher was struck and killed by a train last night just south of Ashville.

The body of George A. Messner, 41, Ashville, was discovered at about 3:30 a.m. today on the Norfolk & Western right of way, 14 feet north of the bridge over Little Walnut Creek.

Pickaway County Coroner Dr. Ray Carroll said death was instantaneous. Messner suffered massive body and head injuries.

The coroner affixed the time of death at approximately 10 p. m.

Messner's widow told Sheriff Dwight Radcliff he frequently went for late evening walks along the railroad.

MRS. MESSNER said he left home last night at 10. She said she did not think anything was unusual until she awoke at 3 a. m. and discovered he was still missing.

At about 3:30 a. m. an official of the N&W notified Ashville Marshall Glenn Clay there was a body near the railroad track. Clay called the sheriff's department immediately.

Sheriff Radcliff believes death was accidental.

He theorized that Messner was probably on the bridge when a northbound train struck him. The body was carried several feet north of the bridge.

In addition to his widow, Es-

World's Fair Exhibit Given To Columbus

NEW YORK (AP)—Travelers Insurance Companies announced Tuesday it is donating its "Triumph of Man" exhibit at the World's Fair to the Center of Science and Industry at Columbus, Ohio.

The exhibit contains 13 life-size dioramas of historical events, including the discovery of the New World by Christopher Columbus.

Exhibit officials estimated more than 2.5 million persons have visited it at the fair.

Officials of the Columbus center said they would begin to move the exhibit as soon as the fair closes Oct. 17. They estimate it will take three to six months to completely install it in Columbus.

The center, which opened in Columbus in March 1964, is a private, nonprofit organization dedicated to advancement of knowledge in science, industry and health.

Ohio Corn Average Set at 76 Bushels

WASHINGTON (AP) — The Agriculture Department made the following production estimates for Ohio crops Monday: Corn for grain — 225,036,000 bushels, 76 bushels per acre. All wheat — 38,316,000 bushels, 31 per acre.

Soybeans for beans — 53,950,000 bushels, 25 per acre. Sugar beets — 464,000 tons, 16 tons per acre.

Aged, Blind Pensions Hiked

COLUMBUS, Ohio (AP) — Most of Ohio's aged and blind pensioners will get a \$4 increase next month, instead of \$3 as previously announced, a Welfare Department official said today.

Robert Canary, assistant welfare director, said the boost stems from increases under the federal old age assistance program, made possible by a new medical care for the aged law.

Ohio standards have been raised to reflect the federal changes, he explained. Canary said the Ohio increases will apply to about 63,000 old age pensioners and 3,000 blind-aid recipients who are not in state institutions and rest homes.

As an example, he said an old age pensioner living alone now receives about \$100 a month. Those on Social Security, he said, receive about \$60 a month with the state making up the difference of about \$40.

Under the new standards, old age pensioners will get \$104 a month, whether they receive Social Security or not.

Payments to the blind, averaging 30 cents a month less than old age aid, also will be increased \$4.

The increase does not apply to about 13,000 older persons in state institutions and rest homes.

The state makes up the difference between monthly Social Security benefits and a standard amount. Thus if Social Security benefits had been increased and state standards had not been raised an old age pensioner would have gotten more Social Security but less state aid.

Raising the standard keeps the same amount of state aid, with more Social Security money, and also increases the state payment to those who don't get Social Security.

15-Year-Old Girl Steals Cop Cruiser

WAYNESVILLE, Mo. (AP) — A 15-year-old girl stole a Missouri Highway Patrol car Monday and led police on a talking, 50-mile chase before she allowed the troopers to catch her.

The patrol said the girl took the car from the court house square in Waynesville. Trooper D. W. Ousley spotted the auto about six miles west of Waynesville, recognized the girl, and knew she shouldn't be driving the police car.

Ousley chased the car up to 115 miles an hour before he dropped out because his vehicle had a flat tire. Other troopers joined in the chase and kept a running conversation with the fleeing girl on the police radio.

"Why are you driving so fast," she asked at one point. "We're trying to keep up with you," one trooper answered.

The teen-age girl stopped her car in Stoutsville, Mo., after repeated requests for her to stop. She was turned over to authorities.

"I just wanted to have a good time and show my friends I could drive the car," she said.

State Gets Flint Land

COLUMBUS, O. (AP)—Four acres of flint ridge land, a source of Ohio's official gem stone in Licking County, have been donated to the Ohio Historical Society by Helen Mills and Stephen A. Bogar of Pittsburgh, Pa.

News of World in Brief

GAFFNEY, S.C. (AP) — Eddie Grubb, a Gaffney High School senior made the finals of the national merit scholarship competition and received an application from the Air Force Academy. Eddie's full name is Eddie Marie Grubb. She's the daughter of Mr. and Mrs. J.G. Grubb of Gaffney.

MOSCOW (AP) — Cuban Armed Forces Minister Raul Castro and the Soviet defense minister, Marshal Rodion Malinovsky, met today for secret talks on military matters.

There was no official report on what was discussed.

There was speculation that the talks cover Soviet arms shipments to Cuba or transfer of Soviet anti-aircraft missiles now in Cuba from Soviet to Cuban control and is affiliates are banned.

WHITE SANDS MISSILE RANGE, N.M. (AP) — An Air Force Athena missile successfully completed a 420-mile flight from Green River, Utah, Monday night and impacted on White Sands Missile Range.

White Sands officials said the re-entry missile impacted on target as planned.

It was the 25th successful firing in 30 attempts in the 78-shot series which will extend through December 1966. The missile is to study how warheads behave during re-entry into the atmosphere.

GENOA, Italy (AP) — Astronaut John Glenn flew into Genoa today to take part in the annual Columbus Day celebration of this Mediterranean port city which claims to be the birthplace of the navigator. Glenn arrived by plane from the Netherlands.

NEW DELHI, India (AP) — India charged Pakistan today with 251 violations of the ceasefire that ended the subcontinent's war and warned against a possible escalation of the conflict.

India's charge, contained in a special five-page statement, made the sternest warning yet issued in the skirmishing and bloodletting that followed the Sept. 23 cease-fire agreement — which almost immediately was broken by both sides.

NEW YORK (AP) — A program to conserve water and some long overdue rain have combined to turn the tide in New York City's reservoirs. The city's upstate reservoirs have — for the first time in many months — not only kept pace with the daily demand for water but have raised their levels.

BUENOS AIRES, Argentina (AP) — Former Dictator Juan D. Peron is considering plans to return to Argentina, according to his third wife.

Isabel Martinez Peron slipped into Buenos Aires unnoticed Sunday from Spain. "This is the wish of the people and the general does only what the people wish," Mrs. Peron, 32, a former dancer, said of her husband's plans.

Peron, 70, has been in exile for 10 years.

HOLLYWOOD (AP) — Comedienne Phyllis Diller and actor-rearward Ward Donovan Tatum were married Oct. 7, a spokesman said Monday.

NEW YORK (AP) — Negro singer Leslie Uggams and Australian businessman Graham John Kelvin Pratt are planning to be married in New York Saturday.

The couple was issued a marriage license in Manhattan Monday. On the license application they said they would be married in the Fifth Avenue Presbyterian church.

UNITED NATIONS, N.Y. (AP) — Ambassador Ahmed Hilmy Didi of the Maldives Islands told the U.N. General Assembly Monday that his country was "proud to be the smallest

member of this body of nations."

The island group, southwest of Ceylon, has a population of about 90,000. The Maldives Islands were admitted to the United Nations Sept. 21, but its delegation did not arrive until Monday.

A special ceremony today will mark the raising of its flag.

ST. SULPICE, Switzerland (AP) — The naturalized American who was booted out of Switzerland after he built his house 19 inches too tall is reported planning to re-enter the country illegally to draw more attention to his plight.

A reliable source said Henri Fentener Van Vlissingen, 44, is determined to further embarrass Swiss authorities who have battled with him for five years over his violation of local building regulations.

"I'll be back," the Dutch-born former U.S. infantry sergeant said Monday as Swiss police escorted him to the French resort of Evian-les-Bains, across Lake Geneva from his villa at St. Sulpice.

The expulsion order called him an undesirable troublemaker. He left his wife and four children at their villa.

LONDON (AP) — British banks today reported a mammoth demand for the Churchill memorial crowns, the first British coins in centuries to bear the head of a commoner.

Despite new presses at the royal mint, banks could meet less than 10 per cent of the orders when the coin went on sale Monday.

SANTO DOMINGO, Dominican Republic (AP) — National police are patrolling the rebel zone of Santo Domingo for the first time since the April revolt. The national police and the 200-man rebel police unit set up a special police force to patrol the area Monday. It was the first major step toward the reintegration of the zone with the rest of the Dominican capital.

SINGAPORE (AP) — Singapore threw up a tariff wall against Malaysian products today in a sudden resumption of trade war between the two countries.

Finance Minister Lim Kim San, announcing the tariffs, indicated that they were intended as a countermove to Malaysian efforts to create a common market excluding the new island state.

Two Boys Hurt Playing Basketball

Two boys who received emergency care in Berger Hospital yesterday were treated for injuries resulting from playing basketball. Four persons received care and were released.

Charles Palmer, 15, Route 2, Williamsport, injured his right ankle while playing basketball at home.

Jeffrey Hartsough, 12, son of Mr. and Mrs. John Hartsough, Route 4 was playing basketball at school and injured his right elbow.

Donald Folk, 28, Amanda, lacerated his right hand on a razor blade while working at the Du Pont plant.

Jackie Brooks, 3, son of Mr. and Mrs. Everett Brooks, 318 Mingo St., caught his right hand in a washing machine wringer.

OHIO CASH GRAIN

COLUMBUS, Ohio (AP) — Ohio Dept. of Agri. cash grain prices: No 2 red wheat .01 to .03 lower; 1.45-1.50, mostly 1.45-1.57; No 2 yellow corn .01-.02 lower; 1.03-1.12 per bu., mostly 1.08-1.10; No 2 oats unchanged, .62-.75; mostly 64-65; No. 3 soybeans .01-.03 higher; 2.26-2.38, mostly 2.26-2.28.

Battery Stolen

David Fetherolf, 139 Hayward Ave., told Circleville Police a 12-volt battery was taken from his auto sometime during the past weekend.

(Continued from Page 1) have created a financial burden the hospital's operating income alone cannot overcome.

THE ALTERNATIVE of closing part or all of the hospital's facilities has been considered. Members of the Citizens Committee and Berger administrators hope a successful levy will eliminate this course of action.

The half-mill levy, proposed for a five-year period, amounts to 50 cents per \$1,000 of tax evaluation. The tax valuation in Pickaway is 40 per cent of market value.

Reaffirming the stand that Berger is a vital function in this community, chairman Johnson urged maximum cooperation from the Citizens Committee and General Hospital Guild in working toward passage of the levy.

The Committee's next project will be the sponsorship of a public meeting Oct. 26, starting 8 p. m., in the St. Philip's Church Parish House. A panel consisting of hospital and city-county officials and a local physician will be on hand for a combined question-answer and discussion period.

Profit Taking Slows Stocks

NEW YORK (AP) — A continued stock market rise to new peaks began to stumble on profit taking early this afternoon. Trading was active.

The Associated Press average of 60 stocks at noon still clung to a rise of .2 at 348.4, with industrials up .6, rails up .1 and utilities off .2.

The market rose vigorously in early trading despite increasing signs of resistance following Monday's surge to new peaks in all the popular market averages.

The color television set makers, other electronics, office equipments and a variety of other speculative favorites gained in heavy early trading but many of these stumbled to losses near mid-session.

The Dow Jones industrial average, which was up 2.09 at the end of the first half hour, was off .11 at noon when the reading was 942.54.

Lausche Blocks Funds For Alaskan Affair

WASHINGTON (AP) — Sen. Frank J. Lausche, D-Ohio, has blocked action on a bill to authorize federal participation in the 1967 celebration of the centennial of the purchase of Alaska.

Lausche said he would drop his opposition to the Alaska bill if it was amended to require the Commerce Department to establish criteria restricting federal assistance to unique observances of national significance.

Lausche lashed out at what he called "the merry-go-round" of federal spending on fairs, exhibitions and observances.

Minnesota Senator To Speak to Dems

COLUMBUS, Ohio (AP) — U.S. Sen. Eugene McCarthy, D-Minn., will be the main speaker at a \$50-a-plate dinner here Saturday to raise funds for a memorial to the late Adlai E. Stevenson, U.S. Ambassador to the United Nations.

State Democratic Chairman William L. Coleman said today McCarthy was chosen for the speaker role because of his widely remembered presidential nominating speech for Stevenson at the party's 1960 national convention in Los Angeles.

Minor Blaze Doused

Circleville firemen extinguished a minor blaze at 2:08 p. m. yesterday at 114 W. Main St.

Approximately \$50 damage resulted in a fire that started in a flue that had been stuffed with papers.

KEY WEST, Fla. (AP) — Three more refugee-laden boats walled from Cuba toward Key West today as U.S. officials awaited word from Fidel Castro on suggestions for an orderly migration.

The Coast Guard said all three boats were intercepted by its cutters Darby and Diligence near Cay Sal, a small island some 40 miles north of Cuba.

The Coast Guard cutters rendezvoused in the Florida Straits and the Darby proceeded to escort the smaller boats through the choppy, shower-swept straits while the Diligence resumed patrol.

The Coast Guard said there were 47 persons aboard the boats — 20 women, 25 men and 2 children. It was not known how many were refugees or if the boats were piloted by exiles from Florida.

The Communist party newspaper Gramma reported in Havana that two of the boats, the Shark and F5846, left the fishing port of Camarioca late Monday night. It was not known when the third, a 20-foot inboard-outboard, departed.

The newspaper said four more boats arrived in Cuba from Florida Monday, bringing to six the number of vessels waiting to take refugees to the United States.

Earlier, Havana radio, monitored in Miami, reported six boats piloted by Cuban exiles in Florida arrived at Camarioca Sunday to bring out relatives.

U.S. officials, who had suggested that the exodus proceed along orderly lines by mutual agreement, said Castro had made no reply through the Swiss Embassy in Havana, which is acting as intermediary.

While the Havana radio said Camarioca "is now operating as an organized intentional port," U.S. officials emphasized they are seeking to prevent the migration until the two governments can agree on ground rules.

Weather Study On Flying Assn. Meeting Agenda

Circleville Flying Assn. will study weather problems during its October meeting here Wednesday night.

Richard Pettit, president of the group of aviation enthusiasts, said the meeting would be held at 8 p. m. in the Desert Room at Prairie Lanes.

Cold and warm fronts will be included in the weather seminar along with instruction on how to read a weather map, Pettit reported.

The program will be concluded by a social hour. Pettit stressed that the program is open to the general public.

Motorist Cited for OMVI After S. Pickaway Crash

Circleville Police charged a Lancaster man with operating a motor vehicle while under the influence of intoxicants following an accident yesterday evening on S. Pickaway St.

Oscar Ramsey, 34, lost control of his auto which bounced across the yards of six homes. The vehicle struck the porch of a house occupied by Charles Rhymer of 1239 S. Pickaway St. and glanced into Rhymer's car.

The driver sustained several lacerations. He was treated and released from Berger Hospital.

Circleville Patrolman Richard Anderson estimated total damage in the area at more than \$4,000.

IN ADDITION to moving the concrete slab of the porch at least four inches and damaging the foundation of the house, Ramsey's auto struck 13 shrubs and ripped large holes in several lawns. His car was demolished.

Ramsey is to appear in Circleville Municipal Court tomorrow morning.

A passenger in his car, Gerald Speakman, 38, Amanda, complained of a back injury. Police said he refused medical aid.

Ramsey had no insurance, according to officers.

Prisoner Attempts Suicide On Arrival at State Pen

George Hutchison, 29, made an unsuccessful attempt to take his own life yesterday at the Ohio State Penitentiary, Columbus.

Hutchison was taken to the state pen yesterday by Pickaway Sheriff Dwight Radcliff.

According to Radcliff, the man slashed his own throat with a razor blade immediately after stepping out of the cruiser at the penitentiary.

Penitentiary authorities said the wound, four to five inches long and very deep, was serious. However, they said Hutchison is expected to live.

RADCLIFF said there was no doubt that the man intended to take his own life.

When they left Circleville, Hutchison had stated "You'll never be bothered with me again." At that time the sheriff said he did not realize what was actually meant by the man's statement.

"He got out on one side of the car and I got out on the other," Radcliff said in describing the incident.

"As I started around the car, I thought he had suddenly become ill. Then I realized he was cutting at his throat with a razor blade he had concealed in a pack of cigarettes.

"If I had not been right there, there is no doubt in my mind that he would have killed himself."

Hutchison was committed to the penitentiary by Judge William Ammer on a forgery conviction. He was sentenced one to 20 years.

New Citizens

MISS BROWN
Mr. and Mrs. Carl L. Brown, 444 1/2 Clinton St., are the parents of a 7-pound 8 1/2-ounce daughter born 1:47 p. m. yesterday in Berger Hospital.

News of World in Brief

(Continued from Page 1)
leader, Col. Latif, commander of the 5th Infantry Battalion in the Indonesian capital. The broadcast said he was seized in Jakarta after being shot in both legs.

The Jakarta radio added that 90 per cent of five army battalions which supported Untung have either given up or been captured.

The Red flight to the hills of central Java was reported by Radio Malaysia, which said some of the Communists were armed and tension was running high in the region.

Radio Djambi, in south Sumatra, said the army was "hard on the heels of the rebels" in the Djambi region also.

Radio Medan, in the capital of north Sumatra reported that 1.5 million persons demonstrated here and demanded that the Indonesian Communist party and its affiliates be banned.

The army, which controls Jakarta and its suburbs, has launched a vigorous anti-Communist campaign. It charges that the Reds took part in the coup attempt and were responsible for the murder of six army generals.

About 1,000 Communists have been reported arrested in Jakarta. Earlier Indonesian broadcasts have reported sporadic fighting in central Java between army troops and Communist youths.

Sukarno has abolished the big Indonesian Communist party of responsibility for the coup attempt and expressed disapproval of the army's anti-Communist campaign.

Missionary Service Scheduled Tomorrow

A special missionary service will be conducted 7:30 p. m. tomorrow at the Community Mission on Lowery Lane.

Speaker for the service will be Eduardo Llanes of Cuba. Llanes is a student at Circleville Bible College.

GAFFNEY, S.C. (AP)—Eddie Grubb, a Gaffney High School senior made the finals of the national merit scholarship competition and received an application from the Air Force Academy. Eddie's full name is Eddie Marie Grubb. She's the daughter of Mr. and Mrs. J.G. Grubb of Gaffney.

MOSCOW (AP)—Cuban Armed Forces Minister Raul Castro and the Soviet defense minister, Marshal Rodion Malinovsky, met today for secret talks on military matters.

There was no official report on what was discussed.

There was speculation that the talks cover Soviet arms shipments to Cuba or transfer of Soviet anti-aircraft missiles now in Cuba from Soviet to Cuban control.

WHITE SANDS MISSILE RANGE, N.M. (AP)—An Air Force Athena missile successfully completed a 420-mile flight from Green River, Utah, Monday night and impacted on White Sands Missile Range.

White Sands officials said the re-entry missile impacted on target as planned.

It was the 25th successful firing in 30 attempts in the 78-shot series which will extend through December 1966. The missile is to study how warheads behave during re-entry into the atmosphere.

GENOA, Italy (AP)—Astronaut John Glenn flew into Genoa today to take part in the annual Columbus Day celebration of this Mediterranean port city which claims to be the birthplace of the navigator. Glenn arrived by plane from the Netherlands.

NEW DELHI, India (AP)—India charged Pakistan today with 251 violations of the ceasefire that ended the subcontinent's war and warned against a possible escalation of the conflict.

India's charge, contained in a special five-page statement, made the sternest warning yet issued in the skirmishing and bloodletting that followed the Sept. 23 cease-fire agreement—which almost immediately was broken by both sides.

NEW YORK (AP)—A program to conserve water and some long overdue rain have combined to turn the tide in New York City's reservoirs. The city's upstate reservoirs have — for the first time in many months — not only kept pace with the daily demand for water but have raised their levels.

BUENOS AIRES, Argentina (AP)—Former Dictator Juan D. Peron is considering plans to return to Argentina, according to his third wife.

Isabel Martinez Peron slipped into Buenos Aires unnoticed Sunday from Spain. "This is the wish of the people and the general does only what the people wish," Mrs. Peron, 32, a former dancer, said of her husband's plans.

Peron, 70, has been in exile for 10 years.

HOLLYWOOD (AP)—Comedienne Phyllis Diller and actor-realtor Ward Donovan Tatum were married Oct. 7, a spokesman said Monday.

NEW YORK (AP)—Negro singer Leslie Uggams and Australian businessman Graham John Kelvin Pratt are planning to be married in New York Saturday.

The couple was issued a marriage license in Manhattan Monday. On the license application they said they would be married in the Fifth Avenue Presbyterian church.

UNITED NATIONS, N.Y. (AP)—Ambassador Ahamed Hilmy Didi of the Maldives Islands told the U.N. General Assembly Monday that his country was "proud to be the smallest

member of this body of nations."

The island group, southwest of Ceylon, has a population of about 90,000. The Maldives Islands were admitted to the United Nations Sept. 21, but its delegation did not arrive until Monday.

A special ceremony today will mark the raising of its flag.

ST. SULPICE, Switzerland (AP)—The naturalized American who was booted out of Switzerland after he built his house 19 inches too tall is reported planning to re-enter the country illegally to draw more attention to his plight.

A reliable source said Henri Fentener Van Vlissingen, 44, is determined to further embarrass Swiss authorities who have battled with him for five years over his violation of local building regulations.

"I'll be back," the Dutch-born former U.S. infantry sergeant said Monday as Swiss police escorted him to the French resort of Evian-les-Bains, across Lake Geneva from his villa at St. Sulpice.

The expulsion order called him an undesirable troublemaker. He left his wife and four children at their villa.

LONDON (AP)—British banks today reported a mammoth demand for the Churchill memorial crowns, the first British coins in centuries to bear the head of a commoner.

Despite new presses at the royal mint, banks could meet less than 10 per cent of the orders when the coin went on sale Monday.

SANTO DOMINGO, Dominican Republic (AP)—National police are patrolling the rebel zone of Santo Domingo for the first time since the April revolt. The national police and the 200-man rebel police unit set up a special police force to patrol the area Monday. It was the first major step toward the reintegration of the zone with the rest of the Dominican capital.

SINGAPORE (AP)—Singapore threw up a tariff wall against Malaysian products today in a sudden resumption of trade war between the two countries.

Finance Minister Lim Kim San, announcing the tariffs, indicated that they were intended as a countermove to Malaysian efforts to create a common market including the new island state.

Two Boys Hurt Playing Basketball

Two boys who received emergency care in Berger Hospital yesterday were treated for injuries resulting from playing basketball. Four persons received care and were released.

Charles Palmer, 15, Route 2, Williamsport, injured his right ankle while playing basketball at home.

Jeffrey Hartsough, 12, son of Mr. and Mrs. John Hartsough, Route 4 was playing basketball at school and injured his right elbow.

Donald Folk 28, Amanda, lacerated his right hand on a razor blade while working at the Du Pont plant.

Jackie Brooks, 3, son of Mr. and Mrs. Everett Brooks, 318 Mingo St., caught his right hand in a washing machine wringer.

OHIO CASH GRAIN

COLUMBUS, Ohio (AP)—Ohio Dept. of Agri. cash grain prices: No 2 red wheat .01 to .03 lower, 1.45-1.50, mostly 1.45-1.57; No 2 yellow corn .01-.02 lower, 1.03-1.12 per bu., mostly 1.08 - 1.10; No 2 oats unchanged, .62-.75; mostly 64 - .65; No. 3 soybeans .01-.03 higher, 2.26-2.38, mostly 2.26-2.28.

Citizens . . .

(Continued from Page 1)
have created a financial burden the hospital's operating income alone cannot overcome.

THE ALTERNATIVE of closing part or all of the hospital's facilities has been considered. Members of the Citizens Committee and Berger administrators hope a successful levy will eliminate this course of action.

The half-mill levy, proposed for a five-year period, amounts to 50 cents per \$1,000 of tax evaluation. The tax valuation in Pickaway is 40 per cent of market value.

Reaffirming the stand that Berger is a vital function in this community, chairman Johnson urged maximum cooperation from the Citizens Committee and General Hospital Guild in working toward passage of the levy.

The Committee's next project will be the sponsorship of a public meeting Oct. 26, starting 8 p. m., in the St. Philip's Church Parish House. A panel consisting of hospital and city-county officials and a local physician will be on hand for a combined question-answer and discussion period.

Profit Taking Slows Stocks

NEW YORK (AP)—A continued stock market rise to new peaks began to stumble on profit taking early this afternoon. Trading was active.

The Associated Press average of 60 stocks at noon still clung to a rise of .2 at 348.4, with industrials up .6, rails up .1 and utilities off .2.

The market rose vigorously in early trading despite increasing signs of resistance following Monday's surge to new peaks in all the popular market averages.

The color television set makers, other electronics, office equipments and a variety of other speculative favorites gained in heavy early trading but many of these stumbled to losses near mid-season.

The Dow Jones industrial average, which was up 2.09 at the end of the first half hour, was off .11 at noon when the reading was 942.54.

Lausche Blocks Funds For Alaskan Affair

WASHINGTON (AP)—Sen. Frank J. Lausche, D-Ohio, has blocked action on a bill to authorize federal participation in the 1967 celebration of the centennial of the purchase of Alaska.

Lausche said he would drop his opposition to the Alaska bill if it was amended to require the Commerce Department to establish criteria restricting federal assistance to unique observances of national significance.

Lausche lashed out at what he called "the merry-go-round" of federal spending on fairs, exhibitions and observances.

Minnesota Senator To Speak to Dems

COLUMBUS, Ohio (AP)—U.S. Sen. Eugene McCarthy, D-Minn., will be the main speaker at a \$50-a-plate dinner here Saturday to raise funds for a memorial to the late Adlai E. Stevenson, U. S. Ambassador to the United Nations.

State Democratic Chairman William L. Coleman said today McCarthy was chosen for the speaker role because of his widely remembered presidential nominating speech for Stevenson at the party's 1960 national convention in Los Angeles.

Battery Stolen

David Fetherolf, 139 Hayward Ave., told Circleville Police a 12-volt battery was taken from his auto sometime during the past weekend.

More Boatloads of Cubans Arrive

KEY WEST, Fla. (AP)—Three more refugee-laden boats walled from Cuba toward Key West today as U.S. officials awaited word from Fidel Castro on suggestions for an orderly migration.

The Coast Guard said all three boats were intercepted by its cutters Darby and Diligence near Cay Sal, a small island some 40 miles north of Cuba.

The Coast Guard cutters rendezvoused in the Florida Straits and the Darby proceeded to escort the smaller boats through the choppy, shower-swept straits while the Diligence resumed patrol.

The Coast Guard said there were 47 persons aboard the boats — 20 women, 25 men and 2 children. It was not known how many were refugees or if the boats were piloted by exiles from Florida.

The Communist party newspaper Gramma reported in Havana that two of the boats, the Shark and F5846, left the fishing port of Camarioca late Monday night. It was not known when the third, a 20-foot inboard-outboard, departed.

The newspaper said four more

boats arrived in Cuba from Florida Monday, bringing to six the number of vessels waiting to take refugees to the United States.

Earlier, Havana radio, monitored in Miami, reported six boats piloted by Cuban exiles in Florida arrived at Camarioca Sunday to bring out relatives.

U.S. officials, who had suggested that the exodus proceed along orderly lines by mutual agreement, said Castro had made no reply through the Swiss Embassy in Havana, which is acting as intermediary.

While the Havana radio said Camarioca "is now operating as an organized international port," U.S. officials emphasized they are seeking to prevent the migration until the two governments can agree on ground rules.

Weather Study On Flying Assn. Meeting Agenda

Circleville Flying Assn. will study weather problems during its October meeting here Wednesday night.

Richard Pettit, president of the group of aviation enthusiasts, said the meeting would be held at 8 p. m. in the Desert Room at Prairie Lanes.

Cold and warm fronts will be included in the weather seminar along with instruction on how to read a weather map, Pettit reported.

The program will be concluded by a social hour. Pettit stressed that the program is open to the general public.

Minor Blaze Doused

Circleville firemen extinguished a minor blaze at 2:08 p. m. yesterday at 114 W. Main St.

Approximately \$50 damage resulted in a fire that started in a flue that had been stuffed with papers.

Motorist Cited for OMVI After S. Pickaway Crash

Circleville Police charged a Lancaster man with operating a motor vehicle while under the influence of intoxicants following an accident yesterday evening on S. Pickaway St.

Oscar Ramsey, 34, lost control of his auto which bounced across the yards of six homes. The vehicle struck the porch of a house occupied by Charles Rhymer of 1239 S. Pickaway St. and glanced into Rhymer's car.

The driver sustained several lacerations. He was treated and released from Berger Hospital.

Circleville Patrolman Richard Anderson estimated total damage in the area at more than \$4,000.

IN ADDITION to moving the concrete slab of the porch at least four inches and damaging the foundation of the house, Ramsey's auto struck 13 shrubs and ripped large holes in several lawns. His car was demolished.

Ramsey is to appear in Circleville Municipal Court tomorrow morning.

A passenger in his car, Gerald Speakman, 38, Amanda, complained of a back injury. Police said he refused medical aid.

Ramsey had no insurance, according to officers.

Prisoner Attempts Suicide On Arrival at State Pen

George Hutchison, 29, made an unsuccessful attempt to take his own life yesterday at the Ohio State Penitentiary, Columbus.

Hutchison was taken to the state pen yesterday by Pickaway Sheriff Dwight Radcliff.

According to Radcliff, the man slashed his own throat with a razor blade immediately after stepping out of the cruiser at the penitentiary.

Penitentiary authorities said the wound, four to five inches long and very deep, was serious. However, they said Hutchison is expected to live.

RADCLIFF said there was no doubt that the man intended to take his own life.

When they left Circleville, Hutchison had stated "You'll never be bothered with me again." At that time the sheriff said he did not realize what was actually meant by the man's statement.

"He got out on one side of

Gift of Typewriter Turns Youth From Banking Career To Reporting

By WILLIAM L. RYAN
Associated Press Writer

If my father, may he rest in peace, had had his way, I probably would have been a banker. If he hadn't made a tactical error I might even have made a try at it. But his mistake was in giving me a typewriter one birthday. I was on my way, galloping toward journalism.

Neither I nor, probably, the world of finance, ever regretted my escape from banking, at which I had every prospect of being a disastrous failure.

Sometimes journalists get rich. Most of the time they don't.

In my day (just call me "Old Timer") we didn't beat our way into the profession with the notion of finding the pot of gold. Back in the late 1920s and early 1930s, a young man who entertained such an idea would be regarded as a trifle unbalanced and not to be trusted.

It was considered an honor and a privilege to call oneself a newspaperman and a newspaperman wouldn't dream of calling himself a journalist. Some of us began by working without pay, just for the privilege. I was lucky. I landed a job as a sportswriter at \$15 a week, and

graduated from that to general all-round utility man to whom working seven days a week — and some days around the clock — simply added zest to life. The challenge was in competition, the reward in outsmarting the opposition.

The profession is different today, because the world is a far different place from what it was 35 years ago. Economic depression, then World War, then Global Cold War, left their mark on us. It wasn't enough any more just to report the bare facts as colorfully as possible. The newspaperman had to know what lay behind the facts,

how to translate enormously complicated affairs into language that the everyday reader could comprehend.

For the past 22 years, my work with the Associated Press has been in the field of foreign news. The job has taken me around the world again and again. It has dropped me inside 80 countries. It has involved me personally in momentous events. It has brought me into personal contact with presidents and premiers, dictators and revolutionaries, the mighty and the weak, the proudest and the humblest.

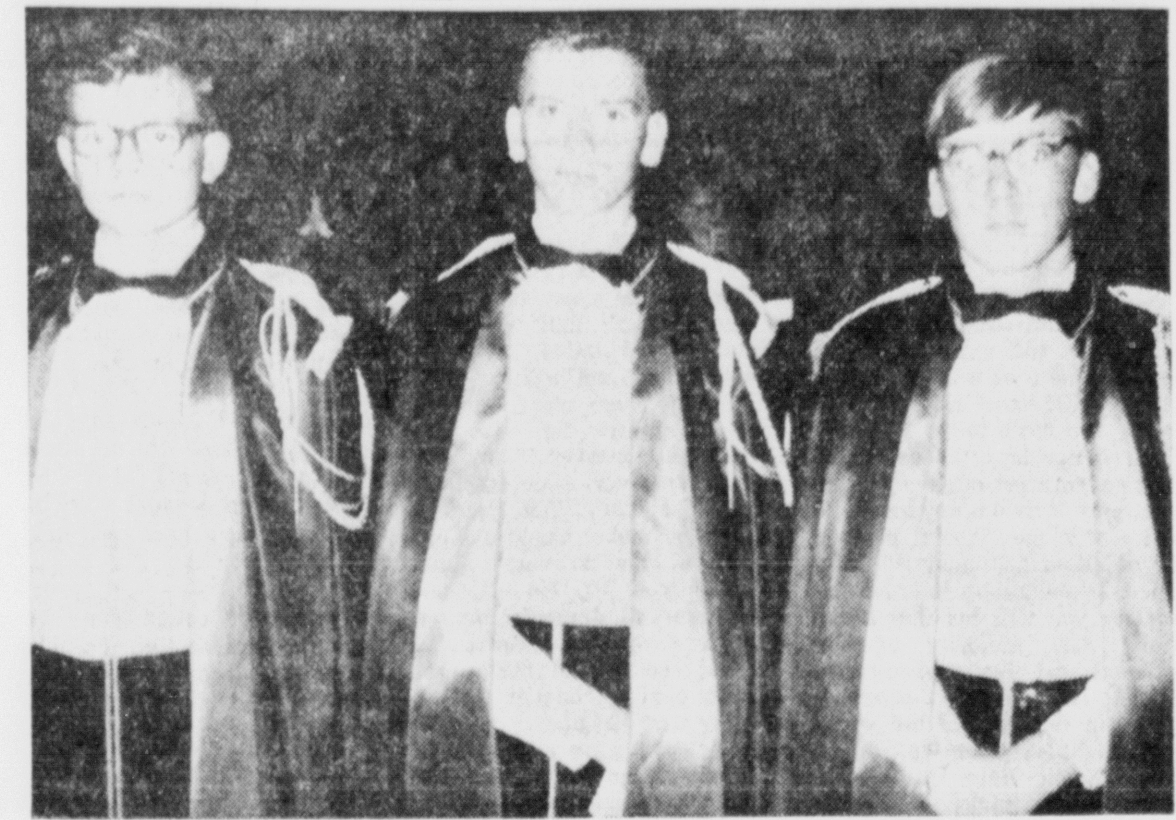

It has made me a frontline witness while history was being made, a history I often recorded and sometimes even understood. It has permitted me to know people and talk with them sometimes in their own languages, all around the world. It has deposited me in awesome palaces and sent me crawling through incredible slums.

It has set me down in the steam of the jungle, in the heat of the desert, in all manner of weird, out-of-the-way places. It has deposited me in the midst of war and revolution. It has given me an awareness of the sweetness of life by sometimes putting my own in jeopardy.

It has taught me that nothing is immutable, and that in this fact alone, in spite of man's constant insanity toward man, there is hope for the human race in the long run.

Looking back, I count myself lucky. I might have been a success as a banker, happily contemplating a collection of mortgages and giving away dishes to new depositors.

But what I would have missed!

DEMOLAY OFFICERS — The three elected officers of the Circleville Chapter Order of DeMolay installed Saturday were (left to right) Charles Bowers, senior counselor; Gary Bartholomew, master counselor; Mike Woodward, junior counselor.

Bogus Money Traps Youths

2 Boys, Girl Held In Ross County

CHILLICOTHE, Ohio (AP) — Three teenagers—2 boys aged 15 and 19 and a girl aged 17—were held in Ross County today following an attempt to purchase a car with counterfeit money.

The girl and the younger boy were held for investigation of a charge of possession of counterfeit money. Deputies said \$1,080 in phony \$20 bills was found on the pair, most of it in the girl's purse stuffed with full money spilled out when she opened it.

The 19-year-old was held for municipal court authorities on investigation of larceny by trick.

Treasury agents said seven phony \$20 bills and one \$10 bill were passed at nearby Greenfield in an attempt to buy a 1958 model car.

Ben Parker, the car dealer, and his wife thought the currency didn't look right and took it to a Greenfield bank for confirmation.

The bank confirmed they were counterfeit and notified treasury officials at Columbus.

Authorities said that in addition to passing the bills in the auto purchase attempt, the three passed other bills in the Chillicothe area Monday and are wanted in Fayette County and by the treasury agents for passing additional counterfeit money.

A man and woman from Washington Court House were questioned and released. Deputies would not disclose their possible involvement but said they may be questioned further later.

The three youngsters involved are believed to be from the Washington Court House area. They told authorities they found the money alongside the road.

Republic Steel Quits Kitchen Cabinet Field

CANTON, Ohio (AP)—A decision by Republic Steel Corp. to quit manufacturing its kitchen line of cabinets and other related products here will result in the loss of 100 jobs Jan. 1.

The decision was revealed Monday by a company spokesman, who said the Berger Plant No. 2 closing here will cause employees to accept early retirement, severance pay, seek other jobs or join a preferential hiring list for possible jobs in other area Republic plants.

234 Attend 30th Annual Installation of DeMolay

The 30th installation of officers of Circleville Chapter Order of DeMolay was witnessed Saturday night by 234 members and guests at the Masonic Temple.

Elected officers installed were Gary Bartholomew, master counselor; Charles Bowers, senior counselor and Mike Woodward, junior counselor.

Other officers installed were Don Daft, Gary Bowers, Scott Lindsay, Dan Reed, Joe Tomlinson, Mark Lindsay, Mark Krieger, Benny Vause, Tommy Yeatts, Keith Krieger, Mike Bell, Dennis Russell, Bruce Liston, Don Balthaser, Jeff Wise, Richard Henn, Larry Lane, Steve Thomerson and Pat Burton.

The installing team composed of former Chapter officers included Richard Lamb, Bruce Lindsay, Steve Thomerson, Mansil Hurlbut III, Larry Lane and Steve Jones.

Following the installation the 4th District Preceptory Team conferred the Legion of Honor on Donald Hooper and J. Franklin Harmon of Columbus and W. C. Shasteen and J. W. Krinn of Circleville.

Distinguished guests present were district governors Edward H. Reber of Newark, and Oscar Buchholz of Waverly as well as executive officers Chester Hodges for the state of Ohio and G. Wilbur Bell for the state of Illinois. In addition there were six district deputies present as well as the presiding officers of all the Masonic Bodies meeting in the Circleville Masonic Temple.

Grand flower attendants were furnished by Marie L. Hamilton Rainbow Assembly for Girls and a Knight Templar escort was provided by the Sir Knights of Scioto Commandery.

A reception followed the meeting which was served by the Circleville Chapter Mother's Club.

NFO Slates State Meet At Columbus

The third annual state convention of the Ohio National Farmers Organization will be held Thursday at the Youth Center Building, Ohio State Fairgrounds, Columbus.

The "call to order" will find delegates from 67 chartered counties over the state attending this year's convention according to the NFO state president Edward J. Sasey, Portage County.

Highlight of the one day convention will be the nomination of national directors to serve from the state of Ohio. An added highlight will be an address by National NFO vice-president, Erhard Pfingsten, of Sergeant Bluff, Ia.

The theme of the convention will be "Marketing Arrangements, a Step to Victory." Focus will be on marketing arrangements between NFO members and processors as an intermediate step paving the way for signing of processors contracts that will guarantee members cost of production plus reasonable profit prices for their products, under contract, a year in advance of harvest.

Pickaway County will have a number of delegates at the NFO state convention. All county NFO members are urged to attend the state convention.

Next Pickaway County NFO meeting is October 19 at the 4-H and Grange Building.

The bank confirmed they were counterfeit and notified treasury officials at Columbus.

Authorities said that in addition to passing the bills in the auto purchase attempt, the three passed other bills in the Chillicothe area Monday and are wanted in Fayette County and by the treasury agents for passing additional counterfeit money.

A man and woman from Washington Court House were questioned and released. Deputies would not disclose their possible involvement but said they may be questioned further later.

The three youngsters involved are believed to be from the Washington Court House area. They told authorities they found the money alongside the road.

Republic Steel Quits Kitchen Cabinet Field

CANTON, Ohio (AP)—A decision by Republic Steel Corp. to quit manufacturing its kitchen line of cabinets and other related products here will result in the loss of 100 jobs Jan. 1.

The decision was revealed Monday by a company spokesman, who said the Berger Plant No. 2 closing here will cause employees to accept early retirement, severance pay, seek other jobs or join a preferential hiring list for possible jobs in other area Republic plants.

234 Attend 30th Annual Installation of DeMolay

The 30th installation of officers of Circleville Chapter Order of DeMolay was witnessed Saturday night by 234 members and guests at the Masonic Temple.

Elected officers installed were Gary Bartholomew, master counselor; Charles Bowers, senior counselor and Mike Woodward, junior counselor.

Other officers installed were Don Daft, Gary Bowers, Scott Lindsay, Dan Reed, Joe Tomlinson, Mark Lindsay, Mark Krieger, Benny Vause, Tommy Yeatts, Keith Krieger, Mike Bell, Dennis Russell, Bruce Liston, Don Balthaser, Jeff Wise, Richard Henn, Larry Lane, Steve Thomerson and Pat Burton.

The installing team composed of former Chapter officers included Richard Lamb, Bruce Lindsay, Steve Thomerson, Mansil Hurlbut III, Larry Lane and Steve Jones.

Following the installation the 4th District Preceptory Team conferred the Legion of Honor on Donald Hooper and J. Franklin Harmon of Columbus and W. C. Shasteen and J. W. Krimm of Circleville.

Distinguished guests present were district governors Edward H. Reber of Newark, and Oscar Buchholz of Waverly as well as executive officers Chester Hodges for the state of Ohio and G. Wilbur Bell for the state of Illinois. In addition there were six district deputies present as well as the presiding officers of all the Masonic Bodies meeting in the Circleville Masonic Temple.

Grand flower attendants were furnished by Marie L. Hamilton Rainbow Assembly for Girls and a Knight Templar escort was provided by the Sir Knights of Scioto Commandery.

A reception followed the meeting which was served by the Circleville Chapter Mother's Club.

NFO Slates State Meet At Columbus

The third annual state convention of the Ohio National Farmers Organization will be held Thursday at the Youth Center Building, Ohio State Fairgrounds, Columbus.

The "call to order" will find delegates from 67 chartered counties over the state attending this years convention according to the NFO state president Edward J. Sasey, Portage County.

Highlight of the one day convention will be the nomination of national directors to serve from the state of Ohio. An added highlight will be an address by National NFO vice-president, Erhard Pfingsten, of Sergeant Bluff, Ia.

The theme of the convention will be "Marketing Arrangements, a Step to Victory." Focus will be on marketing arrangements between NFO members and processors as an intermediate step paving the way for signing of processors contracts that will guarantee members cost of production plus reasonable profit prices for their products, under contract, a year in advance of harvest.

Pickaway County will have a number of delegates at the NFO state convention. All county NFO members are urged to attend the state convention.

Next Pickaway County NFO meeting is October 19 at the 4-H and Grange Building.

Problems Plus

It was a wise southerner speaking. "There are four important movements in the United States," he said. "Cotton is going to California, where it doesn't need men to pick it; beef cattle are moving to Georgia and Florida; Yankee industrialists are moving south; and poverty-stricken Negroes are going north. The transfer of troubles, on balance, is much worse for the northern cities."

So there is the rub: workless men pile into northern slums, and are surprised when the so-called "revolution of rising expectations" doesn't provide instant relief for their troubles. If you say to the northbound refugee that he had better stick it out in the south and go to work for one of those Yankee industrialists, you will be called hard-hearted. So you can't say that right now and have any effect at all. The poverty-stricken Negro doesn't want to stay in Mississippi, where he has been kicked around.

But if the poor wayfarer from the south is bound to come north, he really shouldn't put his trust in government to help out for very long with those "rising expectations." I don't want to knock Sargent Shriver, boss of the anti-poverty program, for he is an able and dedicated man. But he is up against a real estate problem and re-employment problem that government is not particularly suited to solve for psychological reasons. The government mentality is to keep dependents dependent, for that way lies votes,

the perpetuation of a program, and the continuation of bureaucratic salaries. This is the "ratchet action" of government.

Shriver, in the first flush of his work, may be able to get around this insofar as he employs people who are itching to get back to their more lucrative private concerns. But the inevitable pall that settles on things like the WPA of the Thirties (remember reporter Tom Stokes's stories of graft and corruption?) will eventually get him down unless he listens to the claims of what Richard Cornuelle calls "the independent sector." Sargent Shriver's effort should be directed towards turning over all his activities eventually to independent private organizations, which, simply because they have either to show a profit or justify their continuing request for funds, do not succumb to the laws of tax-supported bureaucratic existence.

Richard Cornuelle is a remarkable young man who has come up through the world of the privately-endowed foundations to become a confidant of such strangely assorted individuals as Governor George Romney of Michigan, Richard Nixon, and that firebrand radical, Saul Alinsky of the Chicago "Back-of-the-Yards" movement. Dick has just written a blockbuster of a book called "Reclaiming the American Dream" in which he takes due note of the apathy of both "liberals" and "conservatives" in a world in

which New Deals, Fair Deals, and Great Societies spend so much and get only self-defeating inflation for the effort. The "liberals" are depressed because their programs don't work out; the "conservatives" are troubled because they have had no answers to problems which they must admit are real if they are honest with themselves.

Dick Cornuelle's inspiring book explores hundreds of ways in which his "independent sector" has tackled and solved the problems that beset us.

Item: In Indianapolis, Cleo Blackburn eradicated a Negro slum by getting the banks to lend money for land and materials and persuading a foundation to pay the cost of a technical center to teach unemployed people how to copy the methods of Indian's pre-fabricated housing industry. The slum-dwellers built their own new houses — and the banks took their work as a down payment of "sweat equity."

Item: Charles Lavin, who has converted old luxury hotels into comfortable — and cheap — apartments for old people.

Item: The March of Dimes, which wiped out polio.

These items could be multiplied almost ad infinitum from Dick Cornuelle's pages. If "Reclaiming the American Dream" doesn't become the handbook for a new approach to politics I miss my guess. It is certain that if the Republicans can't make use of Mr. Cornuelle they are beyond saving.

New Moustache Is Evaluated

By BILL DEAN
(For Hal Boyle)

OMAHA, Neb. (AP) — All I want for Christmas is a moustache cup.

I've joined the bush league. After a quarter century of daily scything on my upper lip I've given the whiskers their freedom and let 'em grow.

A moustache, I've found, doesn't change your life. No more blondes flirt with you. No more dogs bark at you. Friends

still come round—but one of mine had suddenly parted with his moustache.

Still, you'll never know what latent virility and man-about-town sophistication is ready to bristle until you give it a chance. When the first blond down appears on a teen-age lip, the urge is to let it grow. John L. Sullivan, T.R., Albert Einstein and Clark Gable finally heeded that inner goading. Why shouldn't you?

So this summer when my neighbors were proudly returning from vacation with big frozen fish or uncashed travelers checks, I brought back a moustache.

It's easy to let the brush flourish when you're among strangers and a thousand miles away from the brightly lighted, tell-all bathroom mirror. A camping mirror hanging from a tree doesn't reveal much.

But the day of confrontation and critical appraisal comes. Is that shabby little cluster of hair he total product of three weeks of growing in invigorating mountain air?

If you're bugged by uncertainty don't look to others for encouragement. Public reaction is mixed:

"Well, I see something new has been added."

"What are you trying to do, get a head start for the centennial?"

Speaking of YOUR HEALTH...
By LESTER L. COLEMAN, M.D.

An ulcer is an open sore or break in the surface of the skin or the mucous membrane that lines the mouth or the intestinal tract. Ulcers can also occur on the protective covering or cornea of the eye, the ear canal and the esophagus just as readily as they occur in the stomach or duodenum.

When an ulcer forms a deep crater, the underlying tissue becomes exposed, inflamed and susceptible to infection.

Ulcers of the legs and feet deserve even more attention than most other types, and, strangely, seem to be more frequently neglected.

These troublesome ulcers of the legs can be caused by a wide variety of conditions. Arteriosclerosis and varicose veins impair the circulation of blood through the extremities. Any injury to legs with inadequate circulation may result in a wound that does not heal readily, and may develop into an ulcer.

Phlebitis, or inflammation of the veins of the legs, can, when neglected, prolong the time of healing of an ulceration of the leg.

Some neurological conditions, diabetes and Buerger's disease may affect the blood supply to the legs and delay the healing of leg ulcers.

Interference with the blood supply is more frequent in the elderly. It is to them that a few simple rules are directed—rules which can save them untold weeks of incapacitation and discomfort. The complications of neglected ulcers of the legs can be avoided if the rules of precaution are followed.

1) Any ulcer or break in the skin that does not heal within a few days should be examined and treated by a physician.

2) Ointments, salves and powerful antiseptic solutions can sometimes do more harm than good, if used without the specific direction of a doctor. Some salves cover the ulcer and give

people a false sense of security that it is healing.

Indiscriminately chosen antiseptics can further damage the delicate tissue and interfere with nature's own healing mechanism.

3) The cause of the poor circulation must be determined and corrected.

When tobacco is known to be a cause, as in Buerger's disease, it must be completely eliminated.

A regime of bed rest, antibiotics and local treatment cannot be haphazardly chosen. It must be carefully planned by a physician who evaluates all the factors that produce and prolong these ulcerations.

4) The feet must be kept scrupulously clean by bathing them frequently with soap and water. They should then be thoroughly dried and powdered to prevent friction and further irritation.

5) Tight garters should not be worn so that circulation will not be further impaired. The feet should be kept warm, in well-fitted shoes. Socks should be soft and should be changed frequently.

6) Under no circumstances should calluses or corns be cut, except by a physician or a licensed podiatrist. Even the toenails should be cut carefully and properly by a doctor or podiatrist to safeguard the delicate tissues of the feet.

7) Keep the feet and legs well lubricated with lanolin. Gentle massage increased the circulation and benefits the leg.

Glaucoma can be controlled and sight preserved with early detection and treatment. Have your eyes examined regularly.

The Business World

NEW YORK (AP) — Home mortgage lenders may have to pay more if they borrow money to finance their customers' home purchases. Some businessmen are reported shopping around after being told their old bank would raise interest rates on future loans to them. Other companies, facing rising payroll costs, are seeking the least expensive way to finance this chore.

These are some of the problems of borrowers as the move to raise interest rates on a selective basis continues to spread slowly through the banking community in many parts of the nation.

The selective basis is being used, at least in part, because the Johnson administration has urged that the prime rate be left untouched at 4½ per cent. This is the rate banks charge their biggest and most creditworthy customers.

The trouble today, for many corporations, is that banks are moving them out of this prime classification and into the higher rate categories applied to

most business loans — or the banks are moving them up say, from 4½ per cent to 5 per cent.

In the home building field the warning of possible higher rates comes from John DeLaitre, member of the Federal Home Loan Bank Board. He says it's costing these central home loan banks more to borrow, and they may have to charge savings and loan associations more when they tap the central bank's tills. Conceivably, this could spread to higher costs for buying a home.

"Recently market interest rates, which had been relatively stable, have again increased considerably," he tells the annual convention of the Ohio Savings and Loan League in Cleveland this week. "Yields on Treasury bills are up rather sharply in recent weeks."

"Unless there is a decline in market interest rates, increases in advance rates by home loan banks would appear to be inevitable in the months ahead."

In the field of loans to business to finance inventory carrying, payrolls, purchases of ma-

terials, or expansion plans, charges have risen on a selective basis over a period of several weeks. This became public only recently and brought a quick plea from Washington to hold the basic interest rates.

The administration insists that any general increase in interest rates isn't justified now. Also it fears that such a rise might sifle further economic expansion just when it's most anxious to keep this going.

Bankers point to a sharp rise this summer and autumn in the demand for business loans, and to the prospect that the U.S. Treasury will seek to borrow more funds to finance the government's growing military and civilian programs. Bankers say the big demand naturally brings higher rates in its trial.

Letter To The Editor

To the Editor:
Did you ever wonder why, in the thousands of years before Columbus and during his time, no one else took it into consideration or did anything about finding a new route to the East?

Even nowadays the astronauts and adventurers of our own time are very seldom those with a lot of money social position, or distinguished men of influence. If you really look into the matter you will see that before fame, the majority of them seemed just like anybody else.

Then how did they become so great in the eyes of the world, you might wonder? Well, in my opinion you have to possess qualities that make you an outstanding person. It takes time, though, to discover, develop, and put to use these qualities. Some take longer than others; some never.

A compass is an ideal instrument to illustrate the life of Christopher Columbus. He had many hardships to navigate, and as we see he did so successfully. He fought off his worst enemies, discouragement, depression and rejection, and bucked the turbulence of his inner conflicts with admirable courage and faith.

Accepting God as his torch, Christopher Columbus did not falter at the crossroads of his life which fate had pointed out. He was a perfectionist; a man of goals.

Christopher Columbus was not the best person in the world though, by far. He cried in the face of defeat as much as he laughed at it. He quaked at the feet of death as much as he sneered at it.

It is also true that he was a stubborn, bullheaded and short tempered man among other things. But so are many of today's heroes. It was not so much how great he was in the eyes of the world. It was the way he coped with his adversities, and overcame his human faults and fancies just as today's hero astronauts and honored adventurers have to do in order to succeed.

I think we do not place enough emphasis on the honorable examples that Columbus set. After all he did not know what a fantastic thing he had done even up to the day he died. It is not the accomplishment so much, that we should be so concerned with personally, but the noble human factors.

Columbus is to be admired for the tenacious way he clung to his convictions. The way he walked hand-in-hand with faith. He is deserving of utmost respect for his generally unselfish motives.

Columbus, despite his numerous faults, was a character of quality, just as you will find our modern famed figures are.

This proves history repeats itself in more ways than one. Anybody with half a decent sense of navigation, a crew, some money and a little luck could have done what Christopher Columbus did. But we should ask ourselves: "why was it Columbus who succeeded instead of another?" It was because Christopher Columbus did not have blind bravery; noble courage was his. He was not thirsty for excitement; true adventure was his crown. He did not seek proud fame; his burning zeal to conquer for his country was his glory.

He not only gave a new world to mankind, but something richer; the drama of human strife for others. This is what we should see in today's heroes. For no matter how obscured they may become by other character traits and materialistic glory, in a true hero these quality assets are there.

It took a man. It took integrity. It took Christopher Columbus to discover the New World, and it will always take his kind of a person to open the doors to discovery and accomplishment.

Problems Plus

It was a wise southerner speaking. "There are four important movements in the United States," he said. "Cotton is going to California, where it doesn't need men to pick it; beef cattle are moving to Georgia and Florida; Yankee industrialists are moving south; and poverty-stricken Negroes are going north. The transfer of troubles, on balance, is much worse for the northern cities."

So there is the rub: workless men pile into northern slums, and are surprised when the so-called "revolution of rising expectations" doesn't provide instant relief for their troubles. If you say to the northbound refugee that he had better stick it out in the south and go to work for one of those Yankee industrialists, you will be called hard-hearted. So you can't say that right now and have any effect at all. The poverty-stricken Negro doesn't want to stay in Mississippi, where he has been kicked around.

But if the poor wayfarer from the south is bound to come north, he really shouldn't put his trust in government to help out for very long with those "rising expectations." I don't want to knock Sargent Shriver, boss of the anti-poverty program, for he is an able and dedicated man. But he is up against a real estate problem and re-employment problem that government is not particularly suited to solve for psychological reasons. The government mentality is to keep dependents dependent, for that way lies votes,

the perpetuation of a program, and the continuation of bureaucratic salaries. This is the "ratchet action" of government.

Shriver, in the first flush of his work, may be able to get around this insofar as he employs people who are itching to get back to their more lucrative private concerns. But the inevitable pall that settles on things like the WPA of the Thirties (remember reporter Tom Stokes's stories of graft and corruption?) will eventually get him down unless he listens to the claims of what Richard Cornuelle calls "the independent sector." Sargent Shriver's effort should be directed towards turning over all his activities eventually to independent private organizations, which, simply because they have either to show a profit or justify their continuing request for funds, do not succumb to the laws of tax-supported bureaucratic existence.

Richard Cornuelle is a remarkable young man who has come up through the world of the privately endowed foundations to become a confidant of such strangely assorted individuals as Governor George Romney of Michigan, Richard Nixon, and that firebrand radical, Saul Alinsky of the Chicago "Back-of-the-Yards" movement. Dick has just written a blockbuster of a book called "Reclaiming the American Dream" in which he takes due note of the apathy of both "liberals" and "conservatives" in a world in

which New Deals, Fair Deals, and Great Societies spend so much and get only self-defeating inflation for the effort. The "liberals" are depressed because their programs don't work out; the "conservatives" are troubled because they have had no answers to problems which they must admit are real if they are honest with themselves.

Dick Cornuelle's inspiring book explores hundreds of ways in which his "independent sector" has tackled and solved the problems that beset us.

Item: In Indianapolis, Cleo Blackburn eradicated a Negro slum by getting the banks to lend money for land and materials and persuading a foundation to pay the cost of a technical center to teach unemployed people how to copy the methods of Indian's pre-fabricated housing industry. The slum-dwellers built their own new houses — and the banks took their work as a down payment of "sweat equity."

Item: Charles Lavin, who has converted old luxury hotels into comfortable — and cheap — apartments for old people.

Item: The March of Dimes, which wiped out polio.

These items could be multiplied almost ad infinitum from Dick Cornuelle's pages. If "Reclaiming the American Dream" doesn't become the handbook for a new approach to politics I miss my guess. It is certain that if the Republicans can't make use of Mr. Cornuelle they are beyond saving.

New Moustache Is Evaluated

By BILL DEAN
(For Hal Boyle)

OMAHA, Neb. (AP) — All I want for Christmas is a moustache cup.

I've joined the bush league.

After a quarter century of daily scything on my upper lip I've given the whiskers their freedom and let 'em grow.

A moustache, I've found, doesn't change your life. No more blondes flirt with you. No more dogs bark at you. Friends

still come round—but one of mine had suddenly parted with his moustache.

Still, you'll never know what latent virility and man-about-town sophistication is ready to bristle until you give it a chance. When the first blond down appears on a teen-age lip, the urge is to let it grow. John L. Sullivan, T.R., Albert Einstein and Clark Gable finally heeded that inner goading. Why shouldn't you?

So this summer when my neighbors were proudly returning from vacation with big frozen fish or uncashed travelers checks, I brought back a moustache.

It's easy to let the brush flourish when you're among strangers and a thousand miles away from the brightly lit, tell-all bathroom mirror. A camping mirror hanging from a tree doesn't reveal much.

But the day of confrontation and critical appraisal comes. Is that shabby little cluster of hair the total product of three weeks of growing in invigorating mountain air?

If you're bugged by uncertainty don't look to others for encouragement. Public reaction is mixed:

"Well, I see something new has been added."

"What are you trying to do, get a head start for the centennial?"

"I tried it myself. Couldn't raise one."

"What are you trying to look like?" Hitler or Charlie Chaplin?"

A silent minority eye your upper lip distastefully when they think you're not looking and never utter a word about it. Everybody wants to know: "What does your wife think of it?"

A wife who has put up with 18 years of my odd feats obviously can tolerate one more—if it doesn't cost anything.

By now I'm beyond the point where cutting comment can clip those whiskers.

I have an inner, warming satisfaction of a man who has found he can grow something without crabgrass in it.

Princess Alexandra Acquires Limousine

LONDON (AP) — Princess Alexandra and her husband, Angus Ogilvy, have taken delivery on a 10-year-old limousine. From now on the 28-year-old first cousin of Queen Elizabeth II will use the car for official functions.

"They have two other cars," said a friend, "but the trouble has been, neither are any good for official functions. They're rather sporty with not enough room when you're really dressed up."

Speaking of YOUR HEALTH...

By LESTER L. COLEMAN, M.D.

An ulcer is an open sore or break in the surface of the skin or the mucous membrane that lines the mouth or the intestinal tract. Ulcers can also occur on the protective covering or cornea of the eye, the ear canal and the esophagus just as readily as they occur in the stomach or duodenum.

When an ulcer forms a deep crater, the underlying tissue becomes exposed, inflamed and susceptible to infection.

Ulcers of the legs and feet deserve even more attention than most other types, and, strangely, seem to be more frequently neglected.

These troublesome ulcers of the legs can be caused by a wide variety of conditions. Arteriosclerosis and varicose veins impair the circulation of blood through the extremities. Any injury to legs with inadequate circulation may result in a wound that does not heal readily, and may develop into an ulcer.

Phlebitis, or inflammation of the veins of the legs, can, when neglected, prolong the time of healing of an ulceration of the leg.

Some neurological conditions, diabetes and Buerger's disease may affect the blood supply to the legs and delay the healing of leg ulcers.

Interference with the blood supply is more frequent in the elderly. It is to them that a few simple rules are directed—rules which can save them untold weeks of incapacitation and discomfort. The complications of neglected ulcers of the legs can be avoided if the rules of precaution are followed.

- 1) Any ulcer or break in the skin that does not heal within a few days should be examined and treated by a physician.
- 2) Ointments, salves and powerful antiseptic solutions can sometimes do more harm than good, if used without the specific direction of a doctor. Some salves cover the ulcer and give

people a false sense of security that it is healing.

Indiscriminately chosen antiseptics can further damage the delicate tissue and interfere with nature's own healing mechanism.

- 3) The cause of the poor circulation must be determined and corrected.
- 4) A regime of bed rest, antibiotics and local treatment cannot be haphazardly chosen. It must be carefully planned by a physician who evaluates all the factors that produce and prolong these ulcerations.
- 5) Tight garters should not be worn so that circulation will not be further impaired. The feet should be kept warm, in well-fitted shoes. Socks should be soft and should be changed frequently.
- 6) Under no circumstances should calluses or corns be cut, except by a physician or a licensed podiatrist. Even the toenails should be cut carefully and properly by a doctor or podiatrist to safeguard the delicate tissues of the feet.
- 7) Keep the feet and legs well lubricated with lanolin. Gentle massage increased the circulation and benefits the leg.

Glaucoma can be controlled and sight preserved with early detection and treatment. Have your eyes examined regularly.

The Business World

NEW YORK (AP) — Home mortgage lenders may have to pay more if they borrow money to finance their customers' home purchases. Some businessmen are reported shopping around after being told their old bank would raise interest rates on future loans to them. Other companies, facing rising payroll costs, are seeking the least expensive way to finance this chore.

These are some of the problems of borrowers as the move to raise interest rates on a selective basis continues to spread slowly through the banking community in many parts of the nation.

The selective basis is being used, at least in part, because the Johnson administration has urged that the prime rate be left untouched at 4½ per cent. This is the rate banks charge their biggest and most creditworthy customers.

The trouble today, for many corporations, is that banks are moving them out of this prime classification and into the higher rate categories applied to

most business loans — or the banks are moving them up say, from 4¾ per cent to 5 per cent.

In the home building field the warning of possible higher rates comes from John DeLaittre, member of the Federal Home Loan Bank Board. He says it's costing these central home loan banks more to borrow, and they may have to charge savings and loan associations more when they tap the central bank's tills. Conceivably, this could spread to higher costs for buying a home.

"Recently market interest rates, which had been relatively stable, have again increased considerably," he tells the annual convention of the Ohio Savings and Loan League in Cleveland this week. "Yields on Treasury bills are up rather sharply in recent weeks."

"Unless there is a decline in market interest rates, increases in advance rates by home loan banks would appear to be inevitable in the months ahead."

In the field of loans to business to finance inventory carrying, payrolls, purchases of ma-

terials, or expansion plans, charges have risen on a selective basis over a period of several weeks. This became public only recently and brought a quick plea from Washington to hold the basic interest rates.

The administration insists that any general increase in interest rates isn't justified now. Also it fears that such a rise might siphon further economic expansion just when it's most anxious to keep this going.

Bankers point to a sharp rise this summer and autumn in the demand for business loans, and to the prospect that the U.S. Treasury will seek to borrow more funds to finance the government's growing military and civilian programs. Bankers say the big demand naturally brings higher rates in its trial.

Letter To The Editor

To the Editor:

Did you ever wonder why, in the thousands of years before Columbus and during his time, no one else took it into consideration or did anything about finding a new route to the East?

Even nowadays the astronauts and adventurers of our own time are very seldom those with a lot of money, social position, or distinguished men of influence. If you really look into the matter you will see that before fame, the majority of them seemed just like anybody else.

Then how did they become so great in the eyes of the world, you might wonder? Well, in my opinion you have to possess qualities that make you an outstanding person. It takes time, though, to discover, develop, and put to use these qualities. Some take longer than others; some never.

A compass is an ideal instrument to illustrate the life of Christopher Columbus. He had many hardships to navigate, and as we see he did so successfully. He fought off his worst enemies, discouragement, depression and rejection, and bucked the turbulence of his inner conflicts with admirable courage and faith.

Accepting God as his torch, Christopher Columbus did not falter at the crossroads of his life which fate had pointed out. He was a perfectionist; a man of goals.

Christopher Columbus was not the best person in the world though, by far. He cried in the face of defeat as much as he laughed at it. He quaked at the feet of death as much as he sneered at it.

It is also true that he was a stubborn, bullheaded and short tempered man among other things. But so are many of today's heroes. It was not so much how great he was in the eyes of the world. It was the way he coped with his adversities, and overcame his human faults and fancies just as today's hero astronauts and honored adventurers have to do in order to succeed.

I think we do not place enough emphasis on the honorable examples that Columbus set. After all he did not know what a fantastic thing he had done even up to the day he died. It is not the accomplishment so much, that we should be so concerned with personally, but the noble human factors.

Columbus is to be admired for the tenacious way he clung to his convictions. The way he walked hand-in-hand with faith. He is deserving of utmost respect for his generally unselfish motives.

Columbus, despite his numerous faults, was a character of quality, just as you will find our modern famed figures are.

This proves history repeats itself in more ways than one. Anybody with half a decent sense of navigation, a crew, some money and a little luck could have done what Christopher Columbus did. But we should ask ourselves, "why was it Columbus who succeeded instead of another?" It was because Christopher Columbus did not have blind bravery; noble courage was his. He was not thirsty for excitement; true adventure was his crown. He did not seek proud fame; his burning zeal to conquer for his country was his glory.

He not only gave a new world to mankind, but something richer; the drama of human strife for others. This is what we should see in today's heroes. For no matter how obscured they may become by other character traits and materialistic glory, in a true hero these quality assets are there.

It took a man. It took integrity. It took Christopher Columbus to discover the New World, and it will always take his kind of a person to open the doors to discovery and accomplishment.

Lawsuit Filed To Contest Fair Bus Law

COLUMBUS, Ohio (AP)—The Ohio Civil Liberties Union has filed a suit challenging the constitutionality of a law providing public school transportation for private school students.

The suit filed in Franklin County Common Pleas Court alleges that the new law, providing for public school buses to transport private or parochial school students, violates two sections of the federal constitution.

They are the First Amendment, guaranteeing separation of church and state, and the Fourteenth Amendment, guaranteeing no taking of property without due process of law.

The suit names as defendants Gov. James A. Rhodes, State School Supt. E. E. Holt and members of the State Board of Education.

The so-called fair bus law won't take effect until next school year. It actually becomes effective Jan. 1.

Bernard A. Berkman of Cleveland, a lawyer who heads the Greater Cleveland Civil Liberties Union, said the suit is supported by the American Civil Liberties Union.

TODAY In History

By THE ASSOCIATED PRESS

Today is Tuesday, Oct. 12, the 285th day of 1965. There are 80 days left in the year.

Today's highlight in history: On this date in 1492, Christopher Columbus discovered America.

On this date In 1870, Gen. Robert E. Lee died.

In 1915, during World War I, the British nurse, Edith Cavell, was executed by the Germans.

In 1934, Peter II became king of Yugoslavia.

In 1942, the Americans won the battle of Cape Esperance.

In 1944, the first town in Czechoslovakia was freed from Nazi rule.

Ten years ago—The U.N. General Assembly condemned South Africa's plans for racial segregation.

Five years ago—At a meeting of the U.N. General Assembly, Soviet Premier Nikita Khrushchev took off his shoe, pounded it on his desk and called the Philippine delegate a "jerk" and a "lackey" of Western imperialism.

One year ago — Russia launched a spaceship into orbit carrying three men—and they stayed up for 24 hours and 17 minutes.

How Weather Looks Today

CENTRAL OHIO — Fair and cold tonight with scattered frost, low 35. Fair and a little warmer Wednesday, high 62.

SOUTHEAST OHIO — Chance of scattered frost tonight in valley areas. Lows tonight 34-40, highs Wednesday 60-65.

NORTHWEST AND EAST CENTRAL OHIO — Low tonight 24 - 38 with scattered frost. Wednesday partly cloudy and little change in temperatures.

SOUTHWEST OHIO — Cooler tonight with scattered frost, lows 34-38. Partly cloudy and cool Wednesday.

California Condors Due To Be Counted

SACRAMENTO, Calif. (AP) — About 70 experienced bird watchers will join this weekend in an attempt to count the remaining California condors, North America's largest soaring birds. They have wing spans up to 10 feet.

The Sespe National Condor Sanctuary is the last known nesting place of the birds.

The World Today

By RAYMOND J. CROWLEY
(For James Marlow)

WASHINGTON (AP) — The states are in no hurry to write into the U.S. Constitution answers to certain questions that have long disturbed political scientists.

Questions like: If a president is incapacitated, how can a smooth transfer of power be assured? How can the nation be as certain as possible that there will not be a dangerous struggle for the reins of government?

The answers, so far as Congress was able to work them out, are contained in the proposed 25th Amendment, now before the states.

Passed by Congress in July, the proposal has now been approved by eight of the required 38 states. An Associated Press survey indicates it will be 1967 before the amendment is ratified, assuming it is ratified.

State legislatures that have approved are Arizona, Oklahoma, Nebraska, Massachusetts, Wisconsin, Pennsylvania, Kentucky and Michigan.

At least 23 other state legislatures are to meet in regular or special sessions in 1966. But some of these will be limited by law to considering state budgets. A few legislatures are meeting this fall on reapportionment, and the amendment could come up.

But sponsors of the amendment are making no change in their prediction that it will be written into the Constitution in 1967.

Briefly, it provides: If a president formally declares himself disabled, the vice

president takes over. If a disabled president does not relinquish power, a majority of the Cabinet, or some other body

Congress may designate, plus the vice president, may transfer the power to the vice president. The president resumes office

on stating to Congress that no disability exists, unless the vice president and a majority of the Cabinet inform Congress to the contrary. Congress then could, by a two-thirds vote in each house, continue the vice presi-

dent in power. President Johnson's gall bladder operation ~~did~~ not add urgency to the proposed amendment in the view of most legislative leaders. Under an agreement between Johnson and Vice President Hu-

bert H. Humphrey, the latter was sort of acting president during the few hours when Johnson was either under anesthetic, or snapping back from its effects. That is, Humphrey was empowered to make decision, if

need be. But the need did not arise. Sen. Birch Bayh, D-Ind., who piloted the proposed amendment through the Senate, took the view that in his particular case the Johnson-Humphrey agreement was sufficient.

WHY REVCO WILL NEVER WEAR OUT A FEATHER-DUSTER

Seldom-called-for retail merchandise can be costly to you whether you buy it or not. Because, whether you realize it or not, the cost of slow-moving goods is covered by the prices and profit-margins of the products you *do* buy.

REVCO carries no such merchandise!

REVCO buys—at lowest cost—huge quantities of the most-wanted drug needs, cosmetics and sundries. Revco's incredibly low discount prices make for such marvelous values that merchandise doesn't stand around long enough to collect dust.

No dust-collectors, no dust . . . no wear and tear on the feather-duster.

Sen. Birch Bayh, D-Ind., who piloted the proposed amendment through the Senate, took the view that in his particular case the Johnson-Humphrey agreement was sufficient.

Appeal Court To Ponder Ewing Case

CINCINNATI (AP)—The Ohio First District Court of Appeals has taken under advisement Alice Ewing's appeal of a larceny by trick conviction stemming from the trunk slaying of Wanda Cook.

Miss Ewing, 24, Fort Thomas, Ky., was not present for the brief hearing.

She was convicted of buying a suitcase with a credit card taken from the body of Miss Cook, the Bellevue, Ky., nurse who was slain Oct. 15, 1964 in a Cincinnati hotel room.

Miss Ewing's boy friend, Robert Abbott, 22, of Dayton, Ky., was convicted of the murder and sentenced to death in the electric chair.

Last May 19, Miss Ewing was convicted of helping Abbott ship Miss Cook's body to Cleveland in a trunk. She paid a \$500 fine for that offense.

Miss Ewing is free under \$1,000 bond pending appeal of the larceny by trick conviction. She was sentenced to 90 days and fined \$500 on that charge.

Family Takes Stroll, Finds Moonshine Still

ATLANTA, Ga. (AP) — An afternoon stroll for Dr. John T. Galambos and his family turned into some amateur sleuthing that led police to a \$14,000-per-week moonshine whisky still.

Detectives J. E. Tallen and C. A. Bailey, estimated the worth of the 500-gallon still's output. They gave most of the credit to Mrs. Galambos. She first noticed a peculiar odor as the family walked along a creek bank. Searching the area, the Galambos found the still camouflaged.

Engagement Announced

MISS DIANNE SCHELB

Mr. and Mrs. Myron Schelb of 1405 N. Court St. are announcing the engagement of their daughter, Dianne, to Lt. (JG) Donald Schmidt, son of Mr. Edgar Schmidt of Lockhart, Tex. and the late Mrs. Schmidt.

Miss Schelb is a graduate of Circleville High School and Mt. Carmel School of Nursing, Co-

lumbus. She is now on the staff of Mercy Hospital, San Diego, Calif.

Mr. Schmidt was graduated from Texas Christian University Fort Worth, Tex. He presently is serving in the U. S. Navy, deployed in the Far East as a naval gunfire officer.

The wedding will be an event of April.

Anniversary Observed By Hedges Chapel WSCS

Hedges Chapel Woman's Society of Christian Service celebrated its 25th anniversary Thursday evening at the church.

There were 50 guests, including 25 charter members, present. Mrs. Billy L. Plum, president, welcomed the guests.

Mrs. Homer S. Reber, the first president, gave a history of the society. The following presidents were presented: Mrs. Reber, Mrs. Martin Cromley, Mrs. Arthur Sark, Mrs. Charles Dresbach and Mrs. Don Collins. Mrs. Lawrence Hoffner and Mrs. Judd Dresbach were not able to attend. Mrs. Wayne Hines filled the unexpired terms of Mrs. Charles Dresbach and Mrs.

Don Collins who resigned.

Memorial services for 28 charter members were conducted by Mrs. Reber. The Metta Larks sang two selections. Mrs. Boyd Fosnaugh explained by illustration the emblem of the society.

Mrs. William Sherertz had devotions using as her topic, "Thoughts of Love." Mrs. Ralph Dunkle sang two numbers and Mrs. Martin Cromley presented a reading. The Rev. William Sherertz closed the program with prayer.

During the business meeting it was announced that Hedges Chapel annual smorgasbord will be held 5-7:30 p. m. Nov. 4.

Refreshments were served from a table decorated in yellow and blue highlighted with a three tiered anniversary cake. Mrs. Everett Beers, Mrs. Bill Thomas, Mrs. Ralph Woolever and Mrs. Carl Scothorn presided at the tea table. Mrs. Billy Plum was chairman of the committees.

Election Scheduled By OES Chapter 90

Circleville Chapter No. 90, OES, will meet 8 p. m. today in the Masonic Temple.

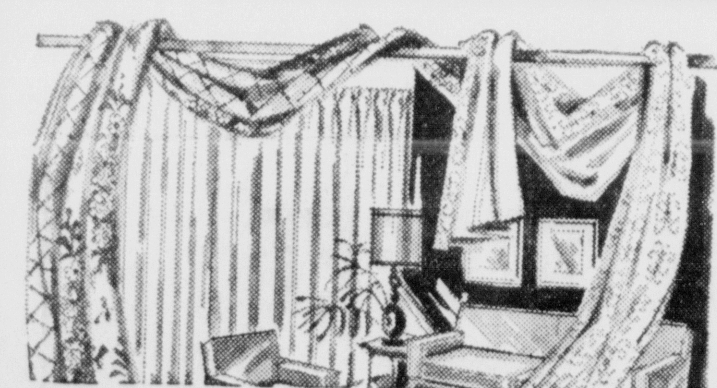

Election of officers will be conducted.

Friday Meet Planned

The Practical Nurses Assn. will meet 7:30 p. m. Friday in the home of Mrs. Everett Peters, Route 1, Ashville.

Mrs. Kerns Entertains DUV Members

Mrs. Polly Kerns, Atwater Ave., entertained members of the Catherine Wolfley Hedges Tent, Daughters of Union Veterans of the Civil War 1861-65.

Mrs. Ruth Wignel, president, conducted the meeting which opened in ritualistic form. The ode was sung followed by the American Creed. Mrs. Kerns offered prayer due to the absence of Mrs. Irene Jenkins, chaplain.

Mrs. Kerns had charge of the program which consisted of several readings by members.

The meeting closed with the group repeating the pledge of allegiance to the flag in unison and singing, "Faith of Our Fathers," led by Mrs. Kerns, patriotic instructor.

Couple Honored On Anniversary

Mr. and Mrs. Willard Gaines, 717 E. Mound St., were hosts to a dinner Sunday at The Carriage House, E. Main St., honoring her parents, Mr. and Mrs. Lawrence Stonerock, 617 Renick Ave., on their 57th wedding anniversary.

Others present were Mr. and Mrs. Ronald Gaines, Mrs. James R. Armstrong and daughters, Missy and Vanessa, and Steve, Debbie and Sharon Gaines, children of the hosts.

A party on Saturday evening, honoring the couple, was held at their home. Guests were Miss Sally Armstrong, Mr. and Mrs. Ronald Gaines and daughters, Kim and Kriss Mr. and Mrs. James R. Armstrong and daughters and Mr. and Mrs. Willard Gaines and family.

Mr. and Mrs. Stonerock received many gifts, flowers and cards including a large bouquet of red roses from members of their immediate family.

GC Council Holds Luncheon, Meet

The Pickaway Council of Garden Clubs was represented by 18 members during a luncheon and business session at The Carriage House, E. Main St.

Logan Elm Garden Club will be host for the Christmas meeting in the EUB Church Service Center. The date is tentatively set for Nov. 19. Mrs. William Defenbaugh and Mrs. Ray Carroll will be guest speakers and the theme of their program will be, "Keep Christ in Christmas."

Dear Abby: By Abigail Van Buren Not To Be Snapped At!

DEAR ABBY: My grandfather cut his third set of teeth when he was 96 years old. He was 101 when he died and he had a fine set of teeth, which he took to his grave. His name was Andrew Simmons, and he was written up in "Believe It Or Not" by Ripley.

M. Mc.

DEAR ABBY: My cousin had three sets of teeth. When his baby teeth didn't come in, his mother took him to a dentist. The dentist took a full mouth X-ray and discovered that the kid had THREE sets of teeth! The dentist pulled the first after they grew in. Then he pulled the second set. The third didn't come in for a long time, so he gave the kid a set of false choppers until his permanent teeth grew in which they did.

HEMET, CALIF.

DEAR ABBY: You're wrong when you said a person could have only two full sets of natural teeth. I know a woman who was born with a full set of teeth. Of course, she lost them all and then her first set of teeth came in. When she lost them her second set came in, and as far as I know she still has them all and she is in her fifties.

CLARA IN DEL MAR
DEAR CLARA: I have heard of babies being born with "a few" teeth. In fact, I was born with one. But nowhere in dental history is there a record of a baby having been born with a full set of teeth. Either your friend was misinformed or she exaggerated.

DEAR ABBY: Believe it or not, my father-in-law was growing his THIRD set of teeth when he passed away at the age of 85. I saw them with my own eyes. Whether they would have reached their normal growth I am unable to say, but they did have a good start.

Sincerely yours,
MRS. R.G.M.

DEAR ABBY: In reference to a person having THREE sets of teeth, and your stating it could not be so: I have lost several permanent teeth since my teens and with each extraction another tooth has always grown in as a replacement. This matter was discussed with several dentists, and they stated that there are a few cases on record where a person has three tooth buds. In each case they have found that the next to the oldest child (or in some cases, it skips several children), would have only ONE set of teeth. After having cut two teeth to replace two per-

Engagement Announced

MISS DIANNE SCHELB

Mr. and Mrs. Myron Schelb of 1405 N. Court St. are announcing the engagement of their daughter, Dianne, to Lt. (JG) Donald Schmidt, son of Mr. Edgar Schmidt of Lockhart, Tex. and the late Mrs. Schmidt.

Miss Schelb is a graduate of Circleville High School and Mt. Carmel School of Nursing, Co-

lumbus. She is now on the staff of Mercy Hospital, San Diego, Calif.

Mr. Schmidt was graduated from Texas Christian University Fort Worth, Tex. He presently is serving in the U. S. Navy, deployed in the Far East as a naval gunfire officer.

The wedding will be an event of April.

Anniversary Observed By Hedges Chapel WSCS

Hedges Chapel Woman's Society of Christian Service celebrated its 25th anniversary Thursday evening at the church.

There were 50 guests, including 25 charter members, present. Mrs. Billy L. Plum, president, welcomed the guests.

Mrs. Homer S. Reber, the first president, gave a history of the society. The following presidents were presented: Mrs. Reber, Mrs. Martin Cromley, Mrs. Arthur Sark, Mrs. Charles Dresbach and Mrs. Don Collins. Mrs. Lawrence Heffner and Mrs. Judd Dresbach were not able to attend. Mrs. Wayne Hines filled the unexpired terms of Mrs. Charles Dresbach and Mrs.

Don Collins who resigned.

Memorial services for 28 charter members were conducted by Mrs. Reber. The Metta Larks sang two selections. Mrs. Boyd Fosnaugh explained by illustration the emblem of the society.

Mrs. William Sherertz had devotions using as her topic, "Thoughts of Love." Mrs. Ralph Dunkle sang two numbers and Mrs. Martin Cromley presented a reading. The Rev. William Sherertz closed the program with prayer.

During the business meeting it was announced that Hedges Chapel annual smorgasbord will be held 5-7:30 p. m. Nov. 4.

Refreshments were served from a table decorated in yellow and blue highlighted with a three tiered anniversary cake. Mrs. Everett Beers, Mrs. Bill Thomas, Mrs. Ralph Woolever and Mrs. Carl Seothorn presided at the tea table. Mrs. Billy Plum was chairman of the committees.

Personals

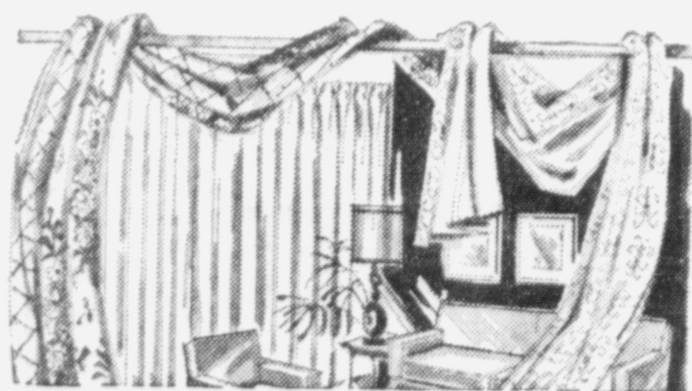

Mr. and Mrs. Creation Kraft and daughter, Evelyn, and Mr. and Mrs. Turney Kraft, Circleville, Mr. and Mrs. P. D. Kraft, Amanda, Mrs. Roger Roof, South Bloomfield, and Joyce Frazier, Stoutsville, attended the 50th wedding anniversary celebration Sunday for Mr. and Mrs. Floyd Feller, Findley, O.

Miss Louise Adkins, daughter of Mr. and Mrs. J. W. Adkins Jr., 315 Northridge Road, was honored at the annual College Day Convocation of Western College for Women Saturday. She is a 1965 graduate of Circleville High School.

Union Guild To Meet

A bazaar will be held following the meeting of Union Guild, 1:30 p. m. tomorrow in the home of Mrs. Willard Dudleson, Route 3.

For a pretty vegetable much or garnish, have pitted ripe olives on hand and insert thin carrot sticks through the holes.

Mrs. Kerns Entertains

DUV Members

Mrs. Polly Kerns, Atwater Ave., entertained members of the Catherine Wolfley Hedges Tent, Daughters of Union Veterans of the Civil War 1861-65.

Mrs. Ruth Wignell, president, conducted the meeting which opened in ritualistic form. The ode was sung followed by the American Creed. Mrs. Kerns offered prayer due to the absence of Mrs. Irene Jenkins, chaplain.

Mrs. Kerns had charge of the program which consisted of several readings by members.

The meeting closed with the group repeating the pledge of allegiance to the flag in unison and singing, "Faith of Our Fathers", led by Mrs. Kerns, patriotic instructor.

Couple Honored On Anniversary

Mr. and Mrs. Willard Gaines, 717 E. Mound St., were hosts to a dinner Sunday at The Carriage House, E. Main St., honoring her parents, Mr. and Mrs. Lawrence Stonerock, 617 Renick Ave., on their 57th wedding anniversary.

Others present were Mr. and Mrs. Ronald Gaines, Mrs. James R. Armstrong and daughters, Missy and Vanessa, and Steve, Debbie and Sharon Gaines, children of the hosts.

A party on Saturday evening, honoring the couple, was held at their home. Guests were Miss Sally Armstrong, Mr. and Mrs. Ronald Gaines and daughters, Kim and Kriss. Mr. and Mrs. James R. Armstrong and daughters and Mr. and Mrs. Willard Gaines and family.

Mr. and Mrs. Stonerock received many gifts, flowers and cards including a large bouquet of red roses from members of their immediate family.

GC Council Holds Luncheon, Meet

The Pickaway Council of Garden Clubs was represented by 18 members during a luncheon and business session at The Carriage House, E. Main St.

Logan Elm Garden Club will be host for the Christmas meeting in the EUB Church Service Center. The date is tentatively set for Nov. 19. Mrs. William Defenbaugh and Mrs. Ray Carroll will be guest speakers and the theme of their program will be, "Keep Christ in Christmas."

AAUW Study Group Will Meet Thursday

The AAUW International Relations Study Group will meet 8 p. m. Thursday in the home of Carolyn Fudge, 137 Watt St.

Rummage Sale Set

St. Paul WSWs, Washington Twp., will hold a rummage sale 9-12 a. m. Saturday in the Masonic Temple lobby.

Circleville, Ohio

Ohio's No. 1, 4 Teams To Meet Friday Evening

COLUMBUS, Ohio (AP)—Two unbeaten powers, No. 1 ranked Massillon and No. 4 rated Steubenville, battle it out Friday in the state's top scholastic football game of the week.

The Tigers, bidding for a second straight crown and their 11th mythical state championship, continued to hold first place in the weekly ratings.

The AP's high school selection board gave Massillon six first place votes and a total of 125 points compared to 87 points for runner-up Sandusky. Warren Harding was third.

Steubenville, on the strength of a 40-8 victory over Wellsburg, jumped all the way from ninth to fourth place and has a chance to climb even higher with an upset over the Tigers.

Massillon knocked off arch-rival Niles McKinley last week, 22-8, bouncing Niles from the elite circle. Dayton Roth, a newcomer to the top ten, held ninth place.

Following Steubenville were Middletown, Upper Arlington, Columbus Wattersen, Cincinnati Moeller, Roth and Zanesville.

There was a new leader in the Class A division as Dover St. Joseph replaced Fairport Harbor at the top with 70 points compared to Harbor's 66.

Rounding out the small school list were Marion Catholic, Millersport, Johnstown Monroe, Lake of Stark County, Tuscarawas Valley, Chauncey - Dover and Lancaster Fenwick (a tie for eighth) and United Hanoverton, which broke into the top ten replacing once-beaten Columbus St. Mary.

All the top-rated teams in both divisions have 5-0 records. Here's the way the AP selection board rates Ohio's Class AA high school football teams:

(Points on a 01, 9, 8, etc., basis)

School W L Pts.

1. Massillon 5 0 125
2. Sandusky 5 0 87
3. Warren Harding 5 0 70
4. Steubenville 5 0 63
5. Middletown 5 0 54
6. Upper Arlington 5 0 50
7. Columbus Wattersen 5 0 47
8. Cincinnati Moeller 5 0 42
9. Dayton Roth 5 0 32
10. Zanesville 5 0 27

Others receiving votes, in alphabetical order:

Akron Kenmore, Akron St. Vincent, Alliance, Ashland, Athens, Boardman, Canton McKinley, Carrollton, Cincinnati Princeton, Cincinnati Roger Bacon, Cleveland Benedictine, Cleveland Holy Name, Columbus DeSales, Coshocton, Dayton Chaminade, Dover, Fremont Ross, Gahanna Lincoln, Hamilton Catholic, Holland - Sprignfield Local, Jackson, Jefferson Union, Lancaster, Lima Senior, Logan, London, Louisville, Monroe (Belmont County), Napoleon, New Philadelphia, Niles McKinley, Oregon Clay, Shelby, Toledo Scott, Toledo St. Francis, Whitehall and Youngstown Chaney.

Here's the way the AP selection board rates Ohio's Class A high school football teams:

(Points on a 10, 9, 8, etc., basis)

School W L Pts.

1. Dover St. Joseph 5 0 70
2. Fairport Harbor 5 0 66
3. Marion Catholic 5 0 57
4. Millersport 5 0 54
5. Johnstown Monroe 5 0 47
6. Lake (Stark) 5 0 45
7. Tuscarawas Valley 5 0 40
8. Chauncey-Dover 5 0 35
9. Lancaster Fenwick 5 0 35
10. United Hanoverton 5 0 22

Others receiving votes, in alphabetical order:

Adena, Aurora, Brookville, Buckeye, Canfield, Castalia-Margaretta, Cincinnati Country Day, Columbus St. Mary, Cory Rawson, Covington, Crestwood, Dennison St. Mary, Dublin, Elmore, Elmwood, Fremont St. Joseph, Genoa, Liberty Center, Lockland, McDonald, Mineral Ridge, New Albany, New London, Oberlin Firelands, Orrville, Portsmouth Notre Dame, Rittman, Sandusky St. Marys, Shadyside, The Plains, Tuslaw, Union, Versailles, Watkins Memorial, Wayne Windham, Xenia Woodrow Wilson.

Handicapped Given Jobs

BOSTON (AP)—The Massachusetts Division of Employment Security helped find jobs for 4,412 handicapped persons during the year ending Aug. 31, says Director J. William Belanger.

Texas Keeps No. 1 Rating

Nebraska Second By Narrow Margin

By THE ASSOCIATED PRESS

Arkansas gets another big chance to rock the boat in college football's power struggle this week and the raging Razorbacks are hoping to knock off two tough birds with one punch.

The Razorbacks, who stretched their winning streak — longest among major schools — to 16 last weekend but couldn't gain ground in the national ratings, meet potent Texas, No. 1 in The Associated Press' Top Ten for the third successive week, at Little Rock Saturday.

Nebraska pushed Texas to the limit in the weekly AP poll, falling only three points short of the Longhorns' leading total and remaining comfortably ahead of the third-ranked Razorbacks. Texas pulled 438 points and 22 first place votes to Nebraska's 435 and 16 in the ballot of 48 sports writers and broadcasters.

The vote with points on a 10-9-8 etc. basis and first place ballots in parenthesis:

1. Texas (22) 4-0 438
2. Nebraska (16) 4-0 435
3. Arkansas (4) 4-0 384
4. Mich. State (3) 4-0 335
5. Georgia (2) 4-0 280
6. South. Calif. 3-0-1 204
7. Purdue (1) 3-0-1 187
8. Notre Dame 3-1 162
9. Florida 3-1 98
10. Miss. State 4-0 79

TED LEE AND STUDENTS — Ted Lee, Reynoldsburg, looks at conservation projects completed by Washington Twp. students. Shown left to right are: George Russell, Chris Stewart, Lee, Richard Barnhart and Betty Bolender. Behind the students are Walter Richards, a member of the Pickaway Farmers and Sportsmen Club, Oakley Leist, Washington principal; and Dick Redman, secretary of the local outdoor club.

Conservationist Proposes Outdoor Classes at Hargus

Famed Ohio conservationist, Ted Lee, of Reynoldsburg, who has been lecturing in Pickaway County Schools, has recommended a five-mile nature trail be improved at A. W. Marion State Park and that county schools take advantage of the park.

"I think every school in the county should have an all-day workshop at Hargus Lake," Lee said.

"I walked one mile of the proposed trail at the park and saw as much nature as can be seen anywhere in central Ohio," he explained.

A retired railroader, Lee devotes his entire time to the expansion of the Conservation Education Program of the League of Ohio Sportsmen.

During the year, he presents an average of 250 shows in 150 schools to 50,000 pupils and 2,000 teachers throughout the state.

IN ADDITION, he presents programs to sportsmen clubs, service clubs, garden clubs, youth groups, outdoor workshops and many other special activities. His total audience exceeds 60,000 persons each year.

Lee is one of five non-professional persons in the nation who have received an award from the National Wildlife Federation.

The American Motors Corporation selected Lee and nine other non-professionals to receive their national award.

SPORTS

The Circleville Herald, Tues. Oct. 12, 1965 7
Circleville, Ohio

Ohio's No. 1, 4 Teams To Meet Friday Evening

COLUMBUS, Ohio (AP)—Two unbeaten powers, No. 1 ranked Massillon and No. 4 rated Steubenville, battle it out Friday in the state's top scholastic football game of the week.

The Tigers, bidding for a second straight crown and their 11th mythical state championship, continued to hold first place in the weekly ratings.

The AP's high school selection board gave Massillon six first place votes and a total of 125 points compared to 87 points for runner-up Sandusky. Warren Harding was third.

Steubenville, on the strength of a 40-8 victory over Wells-ville, jumped all the way from ninth to fourth place and has a chance to climb even higher with an upset over the Tigers.

Massillon knocked off arch-rival Niles McKinley last week, 22-8, bouncing Niles from the elite circle. Dayton Roth, a newcomer to the top ten, held ninth place.

Following Steubenville were Middletown, Upper Arlington, Columbus Watterson, Cincinnati Moeller, Roth and Zanesville.

There was a new leader in the Class A division as Dover St. Joseph replaced Fairport Harbor at the top with 70 points compared to Harbor's 66.

Rounding out the small school list were Marion Catholic, Millersport, Johnstown Monroe, Lake of Stark County, Tuscarawas Valley, Chauncey-Dover and Lancaster Fenwick (a tie for eighth) and United Hanover-ton, which broke into the top ten replacing once-beaten Columbus St. Mary.

All the top-rated teams in both divisions have 5-0 records. Here's the way the AP selection board rates Ohio's Class AA high school football teams:

(Points on a 01, 9, 8, etc., basis)				man, Sandusky St. Mary's
School	W	L	Pts.	Shadyside, The Plains, Tuslaw
1. Massillon	5	0	125	Union, Versailles, Watkins
2. Sandusky	5	0	87	Memorial Wayne Windham
3. Warren Harding	5	0	70	Xenia Woodrow Wilson.
4. Steubenville	5	0	63	
5. Middletown	5	0	54	Handicapped Given Jobs
6. Upper Arlington	5	0	50	BOSTON (AP) — The Massachusetts Division of Employment Security helped find jobs for 4,412 handicapped persons during the year ending Aug. 31, says Director J. William Beland.
7. Columbus Watterson	5	0	47	
8. Cincinnati Moeller	5	0	42	
9. Dayton Roth	5	0	32	
10. Zanesville	5	0	27	
Others receiving votes, in ger.				

Handicapped Given Jobs
BOSTON (AP) — The Massachusetts Division of Employment Security helped find jobs for 4,412 handicapped persons during the year ending Aug. 31, says Director J. William Belanger.

Texas Keeps No. 1 Rating

Nebraska Second By Narrow Margin

By THE ASSOCIATED PRESS
Arkansas gets another big chance to rock the boat in college football's power struggle this week and the raging Razorbacks are hoping to knock off two tough birds with one punch.

The Razorbacks, who stretched their winning streak — longest among major schools — to 16 last weekend but couldn't gain ground in the national ratings, meet potent Texas, No. 1 in The Associated Press' Top Ten for the third successive week, at Little Rock Saturday.

Nebraska pushed Texas to the limit in the weekly AP poll, falling only three points short of the Longhorns' leading total and remaining comfortably ahead of the third-ranked Razorbacks. Texas pulled 438 points and 22 first place votes to Nebraska's 435 and 16 in the ballot of 48 sports writers and broadcasters.

The vote with points on a 10-9-8 etc. basis and first place ballots in parenthesis:

1. Texas (22) 4-0	438
2. Nebraska (16) 4-0	435
3. Arkansas (4) 4-0	384
4. Mich. State (3) 4-0	335
5. Georgia (2) 4-0	280
6. South. Calif. 3-0-1	204
7. Purdue (1) 3-0-1	187
8. Notre Dame 3-1	162
9. Florida 3-1	98
10. Miss. State 4-0	79

Others receiving votes includes: Alabama, Duke, Kentucky, Louisiana State, Missouri, Ohio State, Stanford, Texas Western, Washington State, West Virginia.

Patterson's Top Aide Dies at 69

NEW YORK (AP) — Dan Florio, a prominent boxing trainer and manager for 45 years, died Monday night, one week after undergoing surgery for an intestinal ailment. He was 69.

Florio had worked in Floyd Patterson's corner throughout the former heavyweight champion's career and only recently became Patterson's manager of record as well as his trainer.

The death will not affect Patterson's scheduled title bout with heavyweight champion Cassius Clay set for Nov. 22 in Las Vegas. Patterson, however, will delay his departure for Las Vegas until next week.

Among the champions he handled were heavyweights Gene Tunney and Jersey Joe Walcott, light heavyweight Jack Delaney, lightweight Tony Canzoneri and featherweights Petey Scalzo, Freddy Miller and Battling Battalino.

TED LEE AND STUDENTS — Ted Lee, Reynoldsburg, looks at conservation projects completed by Washington Twp. students. Shown left to right are: George Russell, Chris Stewart, Lee, Richard Barnhart and Betty Bolender. Behind the students are Walter Richards, a member of the Pickaway Farmers and Sportsmen Club, Oakley Leist, Washington principal; and Dick Redman, secretary of the local outdoor club.

Conservationist Proposes Outdoor Classes at Hargus

Famed Ohio conservationist, Ted Lee, of Reynoldsburg, who has been lecturing in Pickaway County Schools, has recommended a five-mile nature trail be improved at A. W. Marion State Park and that county schools take advantage of the park.

"I think every school in the county should have an all-day workshop at Hargus Lake," Lee said.

"I walked one mile of the proposed trail at the park and saw as much nature as can be seen anywhere in central Ohio," he explained.

A retired railroader, Lee devotes his entire time to the expansion of the Conservation Education Program of the League of Ohio Sportsmen.

IN ADDITION to recommending use of the Hargus Lake area for outdoor class sessions, he has offered to conduct a workshop for county school teachers.

Lee has developed a system for preserving leaves which retains the natural color of the leaf effectively. He has offered to explain this process to local teachers.

During the past week he has shown slides, which he narrates with a prepared tape recording, to all elementary and junior high schools in the county. This week he will be in the city schools.

Lee's conservation lectures

here are sponsored by the Pickaway Farmers and Sportsmen Assn..

The conservationist is recording secretary and a director of the League of Ohio Sportsmen. He also is chairman of the audio-visual program and the youth activities committee of that organization.

During the year, he presents an average of 250 shows in 150 schools to 30,000 pupils and 2,000 teachers throughout the state.

IN ADDITION, he presents programs to sportsmen clubs,

service clubs, garden clubs, youth groups, outdoor workshops and many other special activities. His total audience exceeds 60,000 persons each year.

Lee is one of five non-professional persons in the nation who have received an award from the National Wildlife Federation.

The American Motors Corporation selected Lee and nine other non-professionals to receive their national award.

Field Goal May Decide OSU's Fate

COLUMBUS, Ohio (AP) — Don't be surprised if the Ohio State-Michigan State Big Ten tussle at East Lansing Saturday is decided by a field goal.

Both teams have able place-kickers and both clubs are strong defensively.

Coach Woody Hayes and assistant Esco Sarkkinen stressed defense at Monday's press luncheon.

Hayes said the Bucks' defense keyed the 28-14 victory over Illinois last weekend. "We stopped their big gun, Jim Grabowski, and we cut off their passing game," Hayes said.

Sarkkinen, who scouted the Spartans in their 24-7 triumph over Michigan, described Michigan State's defense as exceptional.

"More important, this team does not seem to be as mistake-prone as Spartan teams in the past," he said.

The unbeaten Spartans have swept aside four foes, two in the conference, and have permitted only two touchdowns. Ohio is 2-1 for the season and 1-0 in the league.

Sarkkinen said Dick Kenney, Michigan State's barefoot kicker, is a major offensive threat. "He's booted 8 of 13 field goal tries and is dangerous anywhere inside the 40."

The Buckeyes' Bob Funk hasn't been that proficient and counts only two field goals. But his 27-yarder against Washington proved the difference in a 23-21 triumph.

The Bucks have won the last two times the teams met, in 1959 and 1960.

Browns Set For Dallas' Speedy Back

CLEVELAND (AP) — The Dallas Cowboys will have two rookie quarterbacks and a speedball to harass the riddled Cleveland defensive secondary here Sunday.

Cowboys coach Tom Landry uses quarterbacks Jerry Rhyme and Craig Morton to unload at Bob Hayes, who has the lofty title of "world's fastest human."

Hayes holds world records for the 100-meter and 100-yard dashes, doing the 100-yards in 9.1.

Hayes' receiving companions are slot end Frank Clarke and tight end Pettis Norman.

Hayes teamed with Morton for a 49-yard touchdown pass in a 35-24 National Football League loss to the Philadelphia Eagles last Sunday. He grabbed five passes for 177 yards and returned two kickoffs for 29 yards.

Browns coach Blanton Collier is aware that Hayes flanks on either side, which means he could run against either of Cleveland's cornerbacks. Who will be watching him Sunday is another question.

With Walter Beach out of action because of a bleeding ulcer, Collier has to juggle the lineup. It could be either Erich Barnes or Bobby Franklin. Beach will be out at least two weeks and maybe longer.

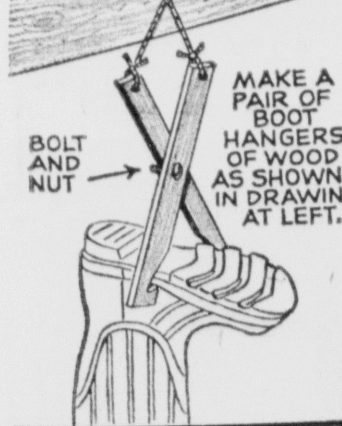

Collier also may bring up a member of the cab squad while each is sidelined. It could be either Ernie Kellermann, who played his high school football at Bedford Channel near Cleveland and starred for Miami, of Ohio, or Jamie Caleb.

INJURED RACER RECOVERING—Racing driver John Surtees, recovering in Scarborough General Hospital, Toronto, from injuries sustained in an accident at Mosport, is visited by his wife Pat, who flew from England to his bedside.

Series Hero Wills Lauds Series Hero Sandy Koufax

MINNEAPOLIS — ST. PAUL (AP) — Maury Wills, the Los Angeles Dodgers shortstop, has pointed out one major failing in Sandy Koufax.

"It's easier to play behind pitchers like Drysdale and Osteen who let the batters hit the ball," Wills explained. "Sandy strikes out so many, you have a tendency to relax out in the field—take a nap."

Wills paid that tribute to Koufax as he sat in the Dodger dressing room, printing the important facts about Monday's fifth game of the World Series on the game ball before presenting it to the ace Dodger left-hander.

He patiently printed the score but there was no room to detail the exploits of himself or Koufax, who snared the hero's role as the Dodgers whipped the Twins 7-0 and took a 3-2 lead in the best-of-seven Series.

Koufax, beaten in the second game of the Series, met his challenge by pitching a four-hitter—had a perfect game going until the fifth inning when Harmon Killebrew got a single on a misjudged fly—and struck out his usual 10 batters.

Wills, who met his challenge by stealing his third base, under rather unusual circumstances in the fourth inning, stroked a record-tying four hits and finished the day with a .455 batting average while starting three doubleplays in the field.

Despite their excellent performances, both were somewhat subdued as they talked to reporters.

"I'm not disappointed with the way I pitched," said Koufax, "but I have pitched better. I was behind the hitters too much and I became awfully tired after the seventh inning. It's been a long season."

Before leaving to have his arthritic elbow packed in ice, Koufax was asked what he was throwing.

"Fast balls and curves," he said. "That's all I've got."

He also has the game ball, on which Wills laboriously printed the score of the game as he talked about his role in the game.

"I felt good," he admitted. "When I walked into the batting cage I felt strong. Then the first time I went to bat I looked up and everybody was on top of me. There was no way I could bunt. They took the bunt away from me."

So he lined a ground rule double to right.

He later added another double, collected two singles and brought his hit total to 10—with in two of the six-game Series record and three of the seven-game mark.

Twins coach Billy Martin said: "You're darn right we're glad to get out of here. We want to get back to where we can play them on a baseball field."

Judging from the way the fleet-footed Dodgers ran wild, the Twins will need a field with a net around it.

Willie Davis, the fastest of them all, stole bases all three times he got on. Maury Wills, the cleverest of them all, collected two doubles and two singles to equal the record of four hits in a game. Ron Fairly got three hits and drove in a run to take the lead in the Series with five runs batted in.

The Dodgers hopped on Kaat, their second game conqueror, in the first inning, scoring two runs on a leadoff double by Wills, a single by Jim Gilliam, and Frank Quilici's miff of Davis' sacrifice bunt.

The Dodgers got two more in the third on singles by Lou Johnson and Davis and a double by Fairly. They made it 5-0 in the fourth when Wills singled, stole second and scored on Gilliam's single. Dave Boswell had replaced Kaat at that point.

Jim Perry was on the mound when the Dodgers scored their final two runs in the seventh. Koufax and Wills drove them in with singles.

Claude Osteen, who blanked the Twins Saturday, was named by Manager Walter Alston to pitch the sixth game Wednesday. Tuesday is a travel date. Mele held off his pitching nomination until after today's workout. He said he was undecided between Jim Merritt, his rookie left-hander, and Jim Grant, who won the opener and lost the fourth game.

Paul Seymour, returning as coach of the Baltimore Bullets basketball team, once tried his hand as an outfielder with Elmira, N. Y. At the time the franchise was owned by the St. Louis Browns.

Lagging Twins Happy To Be Home Again

MINNEAPOLIS — ST. PAUL (AP) — The Minnesota Twins, run right out of the Los Angeles ball park, were well pleased to be back on the more friendly turf of Metropolitan Stadium today for the last two games of the World Series with the pesky Dodgers.

Metropolitan Stadium is the only place in the Series the Twins have looked like the American League champions they are. At Dodger Stadium they were a bumbling, fumbling crew, dropping three straight to Los Angeles and falling behind three games to two.

Monday's 7-0 defeat by Sandy Koufax put them behind in the Series for the first time. Ten Twins fanned and only one of their four hits was struck with any authority. That was the last one by pinch hitter Sandy Valdespino in the ninth inning. By that time it was too little and too late.

In the meantime, the Dodgers played havoc with the record book as they tied their club mark with 14 hits, stole four bases—three by Willie Davis—and came through with spectacular plays in the field, making the Twins' defense look shabby by comparison.

The Dodgers, especially in the last three games, have astounded the Twins, as well as the cries with an attack that has to be seen to be believed.

In all but one of the five games they have hit in double figures which thoroughly computed, by hand and machine, comes to a rousing .302 batting average. This is the same club that won a pennant with a .245 team batting average—lowest for a winner in National League history.

The Dodgers' lusty hitting has been accompanied by their vaunted speed. Their nine stolen bases tell only half the story. The Minnesota infield is still reeling from the Dodgers' bunt and run sorties.

No wonder Jim Kaat, the Twins' losing pitcher Monday, staggered out of Dodger Stadium muttering, "They ran us right out of the park."

And Twins' Manager Sam Mele observed: "They said they haven't been hitting all year. I guess they're taking it out on us."

Twins coach Billy Martin said: "You're darn right we're glad to get out of here. We want to get back to where we can play them on a baseball field."

Judging from the way the fleet-footed Dodgers ran wild, the Twins will need a field with a net around it.

Willie Davis, the fastest of them all, stole bases all three times he got on. Maury Wills, the cleverest of them all, collected two doubles and two singles to equal the record of four hits in a game. New Pirate Radio Stations Slated To Bombard Britain

LONDON (AP) — The fleetago. At that time, a spokesman for the Post Office Department — in charge of broadcasting — said: "This is disgraceful. Radio Caroline will be silenced."

Radio Caroline chirped on. Last May, Postmaster General Anthony Wedgwood Benn said: "The pirates have no future."

Since then the Post Office Department has maintained silence about the pirates, leading to speculation that the government soon will grant licenses to land-based stations which would broadcast commercials although a department spokesman refused comment.

Philip Birch, head of Radio London, Radio Caroline's chief rival, said: "Right from the beginning we've been trying to get a license. It's much easier and much cheaper to broadcast from a set station on land."

All the pirates count on the future. They hope they will be licensed one day, and being licensed and already operating, they will have a head start on new commercial stations.

After 18 months, Radio Caroline is only recently out of the red. Radio London said it will take them until the end of next year to show profits.

It costs a million dollars or more to set up as a pirate with a voice that can be heard over a large section of the country.

The disc jockeys at sea work two weeks aboard their vessel, then spend one week ashore.

The owners furnish the jockeys with 100 fresh cigarettes a week and two bottles of beer a day. Meals are free.

The take-home pay is about \$75 a week.

When Radio Scotland advertised for six jockeys it received 500 applications.

ished the day with a .455 batting average while starting three doubleplays in the field.

Despite their excellent performances, both were somewhat subdued as they talked to reporters.

"I'm not disappointed with the way I pitched," said Koufax, "but I have pitched better. I was behind the hitters too much and I became awfully tired after the seventh inning. It's been a long season."

Before leaving to have his arthritic elbow packed in ice, Koufax was asked what he was throwing.

"Fast balls and curves," he said. "That's all I've got."

He also has the game ball, on which Wills laboriously printed the score of the game as he talked about his role in the game.

"I felt good," he admitted. "When I walked into the batting cage I felt strong. Then the first time I went to bat I looked up and everybody was on top of me. There was no way I could bunt. They took the bunt away from me."

So he lined a ground rule double to right.

He later added another double, collected two singles and brought his hit total to 10—with in two of the six-game Series record and three of the seven-game mark.

GUITAR DEMONSTRATION — Ronnie Stevens, well-known guitarist, will be at the Carl Hawks Sound Center, 559 E. Mound St., from 6-7:30 p.m. Thursday to demonstrate the "Chet Atkins" method of playing the guitar. The public is invited to stop in during the scheduled hours for free demonstrations.

Figuring New Auto Prices Isn't Exactly Easy Task

DETROIT (AP) — Now that the four auto companies have announced new 1966 car model prices, it should be a relatively simple matter to determine how much the new price tags have changed in comparison with 1965 models.

But it is not that easy. The fact is that this year's price announcements included a maze of figures, plus claims and counterclaims by the auto companies as to their price structures.

Three main factors have clouded the price picture—1, the excise tax cut; 2, the addition of a mandatory safety package to all 1966 cars; and 3, the phrase "comparable equipped."

In general, the industry, in comparing its new prices with those at 1965 model time, has tended to subtract the excise tax reduction — the tax was cut from 10 to 7 per cent effective last May 15 — from the new price tags.

Some critics say the auto firms are not justified in taking credit for the tax reduction, but that, rather, the reduction was accomplished by the federal government.

The government also bears responsibility for the package of safety items that were made mandatory on 1966 models, after congressional hearings. The safety items include such things as padded instrument panels and backup lights and they averaged over \$50 that was added to the car price.

The "comparable equipment" phrase has proven the biggest headache in trying to compare prices.

Some items that were standard on 1965 cars have been declared extra cost options on 1966's; some options have been made standard.

Even such items as tires were involved in the price changes, for on some models tires that were standard on the 1965's would cost an additional \$12 or so more if the buyer wanted a comparable tire on his 1966 model.

Chrysler Corp. became the first auto maker to announce its prices.

By most figuring, Chrysler's 1966 pricing, after allowing for

the tax cut and for the Safety package, average about \$10 to \$35 a car more than 1965 prices.

Ford, General Motors and American Motors all have claimed price cuts, but again it takes a lot of pencil work to keep up with the mathematics.

American Motors, last of the U.S. auto firms to announce prices, said it had cut prices on 17 of its 27 models in the 1966 line, with price boosts on the remaining 10 due to enlargement of the car.

Numerous assessments of the price picture have been made. One of the most respected auto trade journals, *Automotive News*, took a look at comparable 1966 and 1965 prices of 291 models last week and came up with these findings:

Adjusting for addition of the safety package and for tax changes, General Motors' overall prices are down 0.22 per cent; Ford is down 0.01 percent and Chrysler is up .96 per cent.

New Officers Installed by Guard Group

Circleville's segment of Company A of the 166th Infantry Ohio National Guard, conducted their monthly meeting of officers and non-commissioned officers yesterday at the local American Legion Post.

Installation of officers was a key item of business. The group also discussed a project concerning food and toys for needy families at Christmas. Lt. D. E. Norris of Ashville called the dinner meeting to order. Fifteen members were present.

Sgt. Paul Adams, an employee of the General Telephone Co., was installed as president of the organization. Sgt. Charles Rivers, a farmer in the Mt. Sterling community, assumed the vice president's post.

Pvt. Kenneth Moss, employed with the local Du Pont construction firm, was named secretary and specialist Dale

Ohio Northern, Bluffton To Install New Presidents

By THE ASSOCIATED PRESS
The inauguration of two northern Ohio college presidents are set for next Friday — on campuses only 15 miles apart.

Dr. Robert Stanford Kreider, one-time history professor, will officially become fifth president of 65-year-old Bluffton College at Bluffton.

Dr. Samuel Lewis Meyer will be inaugurated as seventh president of Ohio Northern University in Ada.

Bluffton has been home to Dr. Kreider since he came as a history professor in 1952. Two years later he was appointed dean.

His father, the Rev. A. E. Kreider, served on the college faculty and as a pastor of the Bluffton First Mennonite Church.

Kreider succeeds the retiring Dr. L. L. Ramseyer.

Kreider and his wife, the former Lois Sommer, a Bluffton

graduate, have five children. Dr. Meyer comes to Methodist-affiliated Ohio Northern from the University of the Pacific in Stockton, Calif., where he has been academic vice president since 1958.

He has instructed at Vanderbilt University, the universities of Virginia and Tennessee and Emory University in Atlanta, Ga.

From 1951 to 1955 he was chairman of Florida State University's botany department.

He is a former executive director of the American Institute of Biological Sciences in Washington.

Dr. and Mrs. Meyer, the former Martha Roberts, have two sons.

"There are some things which I think we must do and do immediately if we are to maintain our position as a respected institution of higher learning," Dr. Meyer has said.

"I believe there are some church-related colleges and universities which will not survive the bitter competition in which they are engaged with the more rapidly expanding, increasingly more affluent state institutions. "If Ohio Northern University is determined that it will be a Christian university, that its curricula and its teaching will stress undoubted excellence, that it will place emphasis on creative scholarship of the highest quality for both faculty and students, there will be no question of its survival."

Timken Plans Expansion Of Its Canton Plants

CANTON, Ohio (AP)—Plans for a \$27 million expansion and improvement program at its Canton plants have been announced by the Timken Roller Bearing Co.

W. R. Timken, company president, said in making the announcement that it is the largest single expansion in the firm's history. Timken, which employs about 9,000 persons, did not say how many additional employees would be added because of the expansion.

Job Offers Low Pay, Long Hours, No Future

AUGUSTA, Maine (AP) — Want a healthy, interesting outdoor job with long hours, low pay and no future?

Fish and Game Commissioner Ronald T. Speers used those terms in describing his troubles in recruiting 14 temporary game wardens he needs for the deer hunting season this month and next.

Antique Show Slated As New PS Feature

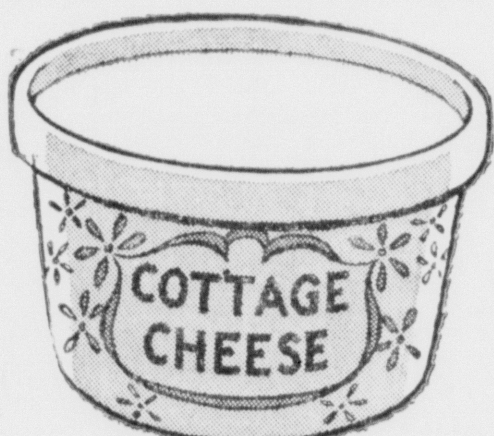

A new feature of the Pumpkin Show this year will be an Antique Show conducted 11 a. m. daily in the former Marfield residence corner of Main and Pickaway Sts.

The Circleville Band Mothers are sponsoring the event. Many outstanding antiques will be displayed and all items will be for sale.

Bower, area farmer, treasurer. The next meeting will be held Nov. 8 at the American Legion Post.

ARRAIGNMENT CALLED—Donald Boggs, 23-year-old ex-convict, leaves the county jail in Flagstaff, Ariz., for his arraignment in the killing of four men in a multi-state crime spree. At Boggs' request, the arraignment was postponed.

Open House Slated at Two Schools

Open house is scheduled Wednesday and Thursday at two of Circleville's elementary schools.

On Wednesday evening, from 7-9:30 p. m., open house will be observed at the new High St. building. On Thursday, the Mound St. building will be open for inspection and tours.

Superintendent Fritz Jacobs noted the open house observances will follow no formal program, although guides will be on hand for tours in addition to the Board of Education members.

The sessions are not for the purpose of discussing students' progress, Jacobs said.

'More Equitable Means' For Education Aid Cited

OXFORD, Ohio (AP) — A Miami University economics professor, head of a committee which studied alternatives for possible revision of Ohio's tax law, says "there are more equitable means" of increasing state support to education than an increase in the sales tax.

Dr. George W. Thatcher said Monday that among these more equitable means would be a personal income tax or broadening the sales tax base to include services.

The committee's study was financed by the Ohio Farm Bureau, Ohio AFL-CIO, Ohio Education Association and Ohio Council of Retail Merchants. All but the education association are on record against Issue No. 1, the proposal to increase the sales tax from 3 to 4 per cent on the Nov. 2 ballot.

Dr. Thatcher said "The sales tax in Ohio is regressive and any increase particularly hurts the very low income groups, the aged because of their fixed income and those with declining income such as the farmer."

In the meantime, State Auditor Roger Cloud and three leading Ohio legislators have told the Ohio Savings and Loan League that there is no need for an increase in the state sales tax.

Opposition to Issue No. 1 on the Nov. 2 ballot, a proposal to increase the sales tax rate from 3 per cent to 4 per cent, was expressed Monday by Cloud; Frank W. King, Senate Democratic Leader; A. G. Lancione, House Democratic Leader, and Theodore M. Gray, Senate Majority Leader. They participated

in a panel discussion at the league's 7th annual convention. Rep. Lancione said the present tax rate is sufficient to take care of the state's needs.

Sen. King said the tax increase would produce more money than is needed and Sen. Gray said simply that he thought the tax proposal should be defeated.

Cloud said "It was not proper for the legislature to impose the tax increase." Denying that Ohio is "bonded to the hilt," he emphasized that "bonding has been solely for capital improvement of the state." He said this practice would pay off with future economic opportunities.

Cuyahoga Court Shuns Unlicensed Nurse Home

CLEVELAND (AP)—Wards of Cuyahoga County Probate Court will not be placed in nursing homes that are without licenses from the Ohio Health Department.

Announcing the policy Monday Judge Frank J. Merrick said it was adopted as a result of disclosure that 65 out of 86 nursing homes in the county were operating with expired licenses.

Tuition Costs Hiked

ROCHESTER, N.Y. (AP) — Tuition costs at the Rochester Institute of Technology will be increased \$150 beginning in the fall, 1966, term, officials say. The new tuition will total \$1,350.

MAYNARD S. EATON

Eaton Named To New Post At Du Pont

Maynard S. Eaton Jr., 355 Markley Road, has been named assistant area supervisor in "Mylar" manufacturing at the local Du Pont plant.

Eaton started with the company in 1960 as an engineer. Successive appointments were to foreman and then shift supervisor in manufacturing.

The new assistant supervisor is a graduate of the University of Delaware where he earned a bachelor of science degree in mechanical engineering.

He and his wife, Mary, are members of the Episcopal Church.

Figuring New Auto Prices Isn't Exactly Easy Task

DETROIT (AP) — Now that the four auto companies have announced new 1966 car model prices, it should be a relatively simple matter to determine how much the new price tags have changed in comparison with 1965 models.

But it is not that easy.

The fact is that this year's price announcements included a maze of figures, plus claims and counterclaims by the auto companies as to their price structures.

Three main factors have clouded the price picture—1, the excise tax cut; 2, the addition of a mandatory safety package to all 1966 cars; and 3, the phrase "comparably equipped."

In general, the industry, in comparing its new prices with those at 1965 model time, has tended to subtract the excise tax reduction — the tax was cut from 10 to 7 per cent effective last May 15 — from the new price tags.

Some critics say the auto firms are not justified in taking credit for the tax reduction, but that, rather, the reduction was accomplished by the federal government.

The government also bears responsibility for the package of safety items that were made mandatory on 1966 models, after congressional hearings. The safety items include such things as padded instrument panels and backup lights and they averaged over \$50 that was added to the car price.

The "comparable equipment" phrase has proven the biggest headache in trying to compare prices.

Some items that were standard on 1965 cars have been declared extra cost options on 1966's; some options have been made standard.

Even such items as tires were involved in the price changes, for on some models tires that were standard on the 1965's would cost an additional \$12 or so more if the buyer wanted a comparable tire on his 1966 model.

Chrysler Corp. became the first auto maker to announce its prices.

By most figuring, Chrysler's 1966 pricing, after allowing for

the tax cut and for the Safety package, average about \$10 to \$35 a car more than 1965 prices.

Ford, General Motors and American Motors all have claimed price cuts, but again it takes a lot of pencil work to keep up with the mathematics.

American Motors, last of the U.S. auto firms to announce prices, said it had cut prices on 17 of its 27 models in the 1966 line, with price boosts on the remaining 10 due to enlargement of the car.

Numerous assessments of the price picture have been made. One of the most respected auto trade journals, Automotive News, took a look at comparable 1966 and 1965 prices of 291 models last week and came up with these findings:

Adjusting for addition of the safety package and for tax changes, General Motors' overall prices are down 0.22 per cent; Ford is down 0.01 per cent and Chrysler is up .96 per cent.

New Officers Installed by Guard Group

Circleville's segment of Company A of the 166th Infantry Ohio National Guard, conducted their monthly meeting of officers and non-commissioned officers yesterday at the local American Legion Post.

Installation of officers was a key item of business. The group also discussed a project concerning food and toys for needy families at Christmas.

Lt. D. E. Norris of Ashville called the dinner meeting to order. Fifteen members were present.

Sgt. Paul Adams, an employee of the General Telephone Co., was installed as president of the organization. Sgt. Charles Rivers, a farmer in the Mt. Sterling community, assumed the vice president's post.

Pvt. Kenneth Moss, employed with the local Du Pont construction firm, was named secretary and specialist Dale

Ohio Northern, Bluffton To Install New Presidents

By THE ASSOCIATED PRESS

The inauguration of two northern Ohio college presidents are set for next Friday — on campuses only 15 miles apart.

Dr. Robert Stanford Kreider, one-time history professor, will officially become fifth president of 65-year-old Bluffton College at Bluffton.

Dr. Samuel Lewis Meyer will be inaugurated as seventh president of Ohio Northern University in Ada.

Bluffton has been home to Dr. Kreider since he came as a history professor in 1952. Two years later he was appointed dean.

His father, the Rev. A. E. Kreider, served on the college faculty and as a pastor of the Bluffton First Mennonite Church.

Kreider succeeds the retiring Dr. L. L. Ramseyer.

Kreider and his wife, the former Lois Sommer, a Bluffton

graduate, have five children.

Dr. Meyer comes to Methodist-affiliated Ohio Northern from the University of the Pacific in Stockton, Calif., where he has been academic vice president since 1958.

He has instructed at Vanderbilt University, the universities of Virginia and Tennessee and Emory University in Atlanta, Ga.

From 1951 to 1955 he was chairman of Florida State University's botany department.

He is a former executive director of the American Institute of Biological Sciences in Washington.

Dr. and Mrs. Meyer, the former Martha Roberts, have two sons.

"There are some things which I think we must do and do immediately if we are to maintain our position as a respected institution of higher learning," Dr. Meyer has said.

"I believe there are some church-related colleges and universities which will not survive the bitter competition in which they are engaged with the more rapidly expanding, increasingly more affluent state institutions."

"If Ohio Northern University is determined that it will be a Christian university, that its curricula and its teaching will stress undoubted excellence, that it will place emphasis on creative scholarship of the highest quality for both faculty and students, there will be no question of its survival."

Open Class Art Show Next Week

An open class art show will be held again this year during Pumpkin Show week.

Mrs. Charles Neff, chairman, noted today that this show is not to be confused with the Circleville Art League's Fall Show. The open competition is for all children and adults of Pickaway County.

All entries will be accepted from 4-6 p.m. Monday at 107 E. Main St. formerly the Circleville Hardware Store, where the show will be held.

The exhibit will be judged by Edward Hewitt, associate professor of Ohio State University's School of Art. Ribbons and cash prizes will be awarded in each class.

Adult entries must be framed and ready to hang. Children's entries must be matted or framed.

Classes of competition consist of oil, water color, pastels, charcoal, pen and pencil. Categories are portraits, still life, landscape or marine, figure or animal and abstracts.

Children's entries may be of any medium.

For further information call Mrs. Charles Neff at GR 4-5686 or Mrs. G. R. Hritz at GR 4-2994.

Antique Show Slated As New PS Feature

A new feature of the Pumpkin Show this year will be an Antique Show conducted 11 a.m. daily in the former Marfield residence corner of Main and Pickaway Sts.

The Circleville Band Mothers are sponsoring the event. Many outstanding antiques will be displayed and all items will be for sale.

Bower, area farmer, treasurer. The next meeting will be held Nov. 8 at the American Legion Post.

Timken Plans Expansion Of Its Canton Plants

CANTON, Ohio (AP)—Plans for a \$27 million expansion and improvement program at its Canton plants have been announced by the Timken Roller Bearing Co.

W. R. Timken, company president, said in making the announcement that it is the largest single expansion in the firm's history. Timken, which employs about 9,000 persons, did not say how many additional employees would be added because of the expansion.

Job Offers Low Pay, Long Hours, No Future

AUGUSTA, Maine (AP) — Want a healthy, interesting outdoor job with long hours, low pay and no future?

Fish and Game Commissioner Ronald T. Speers used those terms in describing his troubles in recruiting 14 temporary game wardens he needs for the deer hunting season this month and next.

ARRAIGNMENT CALLED — Donald Boggs, 23-year-old ex-convict, leaves the county jail in Flagstaff, Ariz., for his arraignment in the killing of four men in a multi-state crime spree. At Boggs' request, the arraignment was postponed.

Open House Slated at Two Schools

Open house is scheduled Wednesday and Thursday at two of Circleville's elementary schools.

On Wednesday evening, from 7-9:30 p.m., open house will be observed at the new High St. building. On Thursday, the Mound St. building will be open for inspection and tours.

Superintendent Fritz Jacobs noted the open house observances will follow no formal program, although guides will be on hand for tours in addition to the Board of Education members.

The sessions are not for the purpose of discussing students' progress, Jacobs said.

'More Equitable Means' For Education Aid Cited

OXFORD, Ohio (AP) — A Miami University economics professor, head of a committee which studied alternatives for possible revision of Ohio's tax law, says "there are more equitable means" of increasing state support to education than an increase in the sales tax.

Dr. George W. Thatcher said Monday that among these more equitable means would be a personal income tax or broadening the sales tax base to include services.

The committee's study was financed by the Ohio Farm Bureau, Ohio AFL-CIO, Ohio Education Association and Ohio Council of Retail Merchants. All but the education association are on record against Issue No. 1, the proposal to increase the sales tax from 3 to 4 per cent on the Nov. 2 ballot.

Dr. Thatcher said "The sales tax in Ohio is regressive and any increase particularly hurts the very low income groups, the aged because of their fixed income and those with declining income such as the farmer."

In the meantime, State Auditor Roger Cloud and three leading Ohio legislators have told the Ohio Savings and Loan League that there is no need for an increase in the state sales tax.

Opposition to Issue No. 1 on the Nov. 2 ballot, a proposal to increase the sales tax rate from 3 per cent to 4 per cent, was expressed Monday by Cloud; Frank W. King, Senate Democratic Leader; A. G. Lancione, House Democratic Leader, and Theodore M. Gray, Senate Majority Leader. They participated
